2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

Tina Nilsen-Hodges, Principal and Superintendent, and Ian Cummings, Academic Adviser, prepared this 2019-20 Accountability Progress Report on behalf of the school's Board of Trustees:

Trustee's Name	Board Position
Dr. Jason Hamilton	Chair
Dr. Peter Bardaglio	Vice Chair, Personnel
Kathleen Torello	Treasurer, Finance
Joseph Wilson	Secretary, Accountability
Cate Thompson	Accountability, Personnel
Tanya Saunders	Trustee

Tina Nilsen-Hodges has served as the school leader since Fall 2008.

SCHOOL OVERVIEW

New Roots Charter School is a small high school that inspires student engagement and learning with real-world interdisciplinary projects and community service reflecting education for sustainability (EfS) standards. Informed by the work of the Cloud Institute for Sustainability Education, the State Education and Environment Roundtable, and Expeditionary Learning Schools, New Roots employs research-based best practices demonstrated to foster a positive school culture with high academic expectations for all students.

The school's mission is to support all students, regardless of educational and family background, to earn a Regents diploma and demonstrate readiness for higher education and a meaningful career. Our slogan is, "Growing Students for a Just and Sustainable Future through Academic Achievement."

In 2017, New Roots Charter School was identified by the Green Schools National Network as one of the ten leading schools in our field, and began preparing to serve as a replication hub for other high schools across the nation. In June 2018, the regional director for the Department of Environmental Conservation (DEC) met with a team of teachers and administrators to develop ways for New Roots students to contribute to the DEC's priorities in our region. We were subsequently awarded a \$38,000 grant from the DEC to establish a three-year youth ecological restoration corps to further our Cayuga Wetlands Restoration Project. In collaboration with leaders from the Cayuga Nation, this project engages students in developing solutions to key water quality issues by using scientific and indigenous ecological knowledge in concert. In 2019, New Roots Charter School was recognized with a Best of Green Schools Award by the Green Schools National Network. The school's programs supporting student wellbeing and academic success during the COVID-19 school closure were featured in this organization's national newsletter.

New Roots students have expressed being attracted to the school for a wide variety of reasons, including our mission of education for sustainability and social justice, desire for greater academic challenge, the greater personal attention offered by a small school setting, and desire for a "fresh start" in school.

New Roots serves a student population with a unique demographic profile and highly divergent skill levels entering high school. Our students reside in up to 20 regional school districts surrounding the small upstate city of Ithaca, NY, home to Cornell University and Ithaca College. Of the approximately 115 students enrolled during the 2019-20 academic year, about half live in the Ithaca City School District and the rest came from the rural areas surrounding Ithaca. As of BEDS Day in 2019, about 74% of the students enrolled in New Roots Charter School qualified for our free or reduced price lunch program, and approximately 40% received special education services or had a 504 plan. This percentage of economically disadvantaged students is more than twice that of Ithaca High School, and the percentage of students with disabilities at New Roots is about four times greater.

Many New Roots students overcome significant obstacles on the road to college and career readiness. We must work quickly to close achievement gaps developed throughout elementary and middle school with students who express little confidence of graduating from high school or attending college. One feature of our program is that all New Roots students are grouped in heterogeneous classes with peers who have entered high school with more advanced skills, with all students offered equal access to Honors Program

enrichment activities.

HIGH SCHOOL COHORTS

ACCOUNTABILITY COHORT

The state's Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2016 state Accountability Cohort consists of students who entered the 9th grade anywhere sometime during the 2016-17 school year, were enrolled in the school on the state's annual enrollment-determination day (i.e., BEDS day) in the 2019-20 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department's SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

The following table indicates the number of students in the Accountability Cohorts who are in their fourth year of high school and were enrolled at the school on BEDS Day in October and remained in the school until June 30th of that year.

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the year they first enter the 9th grade. Students enrolled for at least one day in the school after entering the 9th grade are part of the school's Graduation Cohort. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the SIRS manual, including the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

PROMOTION POLICY

Summary of Regents Diploma Requirements

New Roots Charter School supports all students in working towards achievement of the Regents Diploma Requirements, as specified in State Education Commissioner Regulations, and as summarized below. Students must earn at least five credits to be promoted to the next grade level.

Regents Examinations or equivalent: 5

Students must pass the following Regents Exams (or a state-approved equivalent):

- Comprehensive English;
- Global History and Geography;
- United States History and Government;
- One (1) in Mathematics (Integrated Algebra, Geometry, or Algebra 2/Trigonometry);
- and
- One (1) in Science.

Mathematics, Science, and Technology (MST): A commencement-level course in technology education may be used as the third unit of credit in science or mathematics, but not both. Also, students may meet the learning standards in technology either in a technology education course or through an integrated course combining technology with mathematics and/or science.

CDOS Pathway: Students may also pursue the Career Development Occupational Studies (CDOS) graduation pathway to meet the New York State CCOS Commencement Credential.

Students may graduate with a Regents diploma through a 4+ CDOS Pathway. This pathway requires students to demonstrate the State's standards for academic achievement in math, English, science, social studies, and the State's standards for essential work-readiness knowledge and skills necessary for successful employment after high school.

NYS Regents Exam Requirements

- 1) Common Core Algebra
- 2) Global History & Geography
- 3) Living Environment
- 4) U.S. History & Government
- 5) Common Core English

Additional Requirements for Advanced Designation

- 6) Common Core Geometry
- 7) Common Core Algebra 2 / Trigonometry
- 8) Physics (or another physical science)
- 9) Local examination in culmination of Spanish 3

 - Crew (.25 credits/year = 1 credit)
 - Interdisciplinary, place-based Learning Expeditions (credits vary by year)
 - Annually varied courses selections

**Concurrent enrollment available through Tompkins-Cortland Community College, State University of New York College of Environmental Science and Forestry (SUNY ESF) or Syracuse University (varies by year)*

Additional Requirements

- 1) Career and College Success Seminar (Crew)
- 2) Application to college
- 3) Senior Capstone Project
- 4) Graduation Portfolio
- 5) Service Learning hours

* Including 1 unit of American history, ½ unit of Participation In Government, and ½ unit of Economics

** Math may include Integrated Algebra, Geometry, and Algebra 2/Trigonometry

*** Including at least one course in life science, one in physical science, and third in either life sciences or physical science

Language Other Than English requirement for and Advanced Diploma includes passage of a proficiency exam with typically 3 years of necessary course work.

Including dance, music, theatre, and/or visual arts

GOAL 1: HIGH SCHOOL GRADUATION

Summary of changes to the High School Graduation Goal due to the Covid-19 school closure:

- Schools do not have to report on the comparison to the district graduation rate.
- The leading indicator of Regents attainment is modified to align to the cancellation of the June and August 2020 examinations.
- Schools can report on all the remaining required measures.

GOAL 1: HIGH SCHOOL GRADUATION

All New Roots Charter School students will earn a New York State Regents diploma.

Goal 1: Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

METHOD

This measure serves as a leading indicator of the performance of the high school cohort and examines students' progress toward graduation based on annual credit accumulation. The measure requires that, based on the school's promotion requirements, 75 percent of the first and second year high school Total Graduation Cohorts will earn the required number of credits.

RESULTS AND EVALUATION

The school met the measure.

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

Percent of Students in First and Second Year Cohorts Earning the Required Number of Credits in 2019-20

Cohort Designation	Number in Cohort during 2019-20	Percent promoted
2018	41	76%
2019	21	77%

ADDITIONAL EVIDENCE

The school awarded credit for the Spring 2020 semester based on demonstrated mastery of course learning targets. Teachers were successful in supporting students in earning credit despite the sudden transition to remote learning due to COVID-19.

Goal 1: Leading Indicator

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

METHOD

This measure serves as a leading indicator of the performance of high school cohorts and examines their progress towards graduation based on Regents exam passage. The measure requires that 75 percent of students in each Graduation Cohort have passed at least three Regents exams by their second year in the cohort.

As a result of the Board of Regents' guidance regarding the cancellation of the June 2020 and August 2020 administrations of the Regents exams, for the most recent second year cohort schools should report the percentage of students who either passed or were exempted from at least three exams. In August of 2020, the 2018 cohort will have completed its second year.

RESULTS AND EVALUATION

The school met the measure. Actions that the school has taken to support all students in passing three Regents exams in two years include increasing the amount of time devoted to mathematics instruction, increasing staff support for Global Studies courses, and requiring all students to take a science Regents exam in the freshman year.

Percent of Students in their Second Year Passing Three Regents Exams by Cohort

Cohort Designation	School Year	Number in Cohort	Percent Passing at Least Three Regents (including exemptions from June/August 2020)

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

2017	2018-19	38	76%
2018	2019-20	41	76%

ADDITIONAL EVIDENCE

This is the second year in a row that the school has met this measure.

Goal 1: Absolute Measures

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

METHOD

This measure examines students in two high school Graduation Cohorts: those who entered the 9th grade as members of the 2016 cohort and graduated four years later and those who entered as members of the 2015 cohort and graduated five years later. These data reflect August graduation rates. At a minimum, these students have passed or been exempted from five Regents exams required for high school graduation in ELA, mathematics, science, U.S. History, and Global History or met the requirements for the 4+1 pathway to graduation.¹

The school's graduation requirements appear in this document above the graduation goal.

RESULTS AND EVALUATION

The school met the measure. The school has exceeded the measure all three years of the current charter term. The school exceeded the statewide graduation rate for the 2015 cohort.

Percent of Students in the Total Graduation Cohort who have Graduated After Four Years

Cohort Designation	School Year	Number in Cohort	Percent Graduating
2014	2017-18	31	81%
2015	2018-19	31	84%
2016	2019-20	27	85%

Percent of Students in Total Graduation Cohort Who Have Graduated After Five Years

Cohort Designation	School Year	Number in Cohort	Percent Graduating
2013	2017-18	38	71%
2014	2018-19	29	97%

¹ The state's guidance for the 4+1 graduation pathway can be found here:

<http://www.p12.nysed.gov/ciai/multiple-pathways/>.

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

2015	2019-20	30	90%
------	---------	----	-----

ADDITIONAL EVIDENCE

One member of the 2015 cohort who did not complete due to personal contingencies during COVID-19 is still enrolled and working towards graduation. As a result, we anticipate our six-year graduation rate for this cohort will be 93%.

Goal 1: Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

Due to the fact that the state does not finalize high school outcome data until later in the school year and data prior to 2019-20 are not suitable for comparison, the calculation of this measure is not required.

Goal 1: Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

METHOD

The New York State Board of Regents approved regulations establishing alternative pathways to graduation for all students. Students may replace one of the required Social Studies Regents exams with an approved alternative assessment. For more information about requirements and approved assessments refer to the NYSED resource online: <http://www.p12.nysed.gov/ciai/multiple-pathways/>. The school will document the names of the alternative assessments administered and success rate for students in the templates below.

As a result of the Board of Regents' guidance regarding the cancellation of the June 2020 and August 2020 administrations of the Regents exams, students planning to take a pathway examination during those dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

RESULTS AND EVALUATION

The school did not administer alternative pathway assessments during the 2019-20 school year.

SUMMARY OF THE HIGH SCHOOL GRADUATION GOAL

The school has met or exceeded key graduation goals consistently in this charter term.

ACTION PLAN

In the 2020-21 school year, the school is implementing a credit acceleration program to support students who have experienced impacts due to COVID-19 and other life factors to continue making progress towards their goal of graduating within four years.

GOAL 2: COLLEGE PREPARATION

Summary of changes to the College Preparation Goal due to the Covid-19 school closure:

- Schools do not have to report on the absolute or comparative measure related to the College, Career, and Civic Readiness Index ("CCCRI").

GOAL 2: COLLEGE PREPARATION

New Roots Charter School students will graduate from high school with an educational and occupational plan, prepared for college and career success.

The school maintains a partnership with Tompkins Cortland Community College's CollegeNow Program to offer concurrent enrollment classes for college credit in grades 11 and 12. Our Senior

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

Year Program Coordinator supports all students in applying for college in the fall of their senior year. The school has added the position of College and Career Advisor for the 2020-21 school year to provide further support for students in the area of career exploration and college readiness.

Goal 2: Absolute Measure

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement ("AP") exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate ("IB") exam;
- Passing a College Level Examination Program ("CLEP") exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT; or,
- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

METHOD

Schools use any method listed here, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option. The school reports on the number of students who attempted to achieve each indicator, the number who succeeded, and the corresponding percentage. Additionally, the school should report on the overall number of students who graduated after four years, the number of those graduates who achieved any of the relevant indicators, and the overall percentage achieving any indicator.

New Roots offers concurrent enrollment courses for college credit through Tompkins Cortland Community College and SUNY College of Environmental Science and Forestry. Students can earn college credit for courses such as College Writing and Literature, US History, Global Environmental Science, Physics, Chemistry, Music Theory, and Economics in grades 11 and 12.

RESULTS AND EVALUATION

The school met the measure.

Goal 2: Absolute Measure

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Due to the state’s guidance regarding accountability determinations, the 2019-20 MIPs will be used for the 2020-21 school year and the calculation of this measure is not required.

Goal 2: Comparative Measure

Each year, the school’s CCCRI for the Total Cohort will exceed that of the district of comparison’s Total Cohort.

Due to the fact that the state does not finalize high school outcome data until later in the school year and data prior to 2019-20 are not suitable for comparison, the calculation of this measure is not required.

Goal 2: Absolute Measure

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

METHOD

The ultimate measure of whether a college prep high school has lived up to its mission is whether students actually enroll and succeed in college. Schools track and report the percentage of fourth-

year Total Cohort graduates who matriculate into a two or four-year college program in the school year following graduation. Schools should update and confirm data for Cohorts prior to 2019-20 and provide preliminary matriculation data for 2016 Cohort. It may be necessary for schools to provide updated data to the Institute when National Student Clearinghouse or other data sources become available later in the school year.

RESULTS AND EVALUATION

100% of New Roots apply and are accepted to college. Historically, the school has collected data regarding students' intent to matriculate via student surveys. The school has established the position of College and Career Adviser to track and confirm students' career paths after high school. The College and Career Adviser is in the process of verifying student matriculation from the 2014, 2015, and 2016 cohorts. The school will provide the Institute with this data by October 15, 2020.

SUMMARY OF THE COLLEGE PREPARATION GOAL

The school has achieved its goal of preparing students for college as evidenced by the ability of students to earn college credit while in high school, and by requiring all students to submit applications to one or more colleges during their senior year.

Type	Measure	Outcome
Absolute	Each year, 75 percent of graduating students will demonstrate their preparation for college by one or more possible indicators of college readiness.	Met

ACTION PLAN

The school has engaged a College and Career Adviser to work with the Senior Year Program Coordinator in the 2020-21 school year to provide expanded opportunities for career and college exploration and planning.

GOAL 3: ENGLISH LANGUAGE ARTS

HIGH SCHOOL ENGLISH LANGUAGE ARTS

Summary of changes to the High School ELA Goal due to the Covid-19 school closure:

- Schools do not have data necessary to report 2019-20 PI results.
- Schools do not have data necessary to report 2019-20 district comparison measures.
- Schools do report on absolute Regents attainment and growth from 8th grade in a modified format based on instructions under each respective measure below.

Goal 3: Absolute Measure

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents English exam that students must pass to graduate. The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

Due to the state's cancellation of June 2020 and August 2020 administrations of the Regents, some students in the 2016 Cohort who had not previously sat for the exam but were scheduled to sit for this exam in 2020 would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

RESULTS AND EVALUATION

The school met the measure.

2016	2019-20	22	1	16	77%

ADDITIONAL EVIDENCE

The majority of students in the 2017 cohort took the English Regents exam in January 2020. Of 24 students in the accountability cohort, 94% of students who did not receive an exemption (15 of 16) achieved a score at level 4 or higher.

Goal 3: Absolute Measure

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents English exam that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department currently defines the cut

off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

Due to the state’s cancellation of June 2020 and August 2020 administrations of the Regents, some students in the 2016 Cohort who had not previously sat for the exam but were scheduled to sit for this exam in 2020 would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 3 among the students who sat for the exam.

RESULTS AND EVALUATION

The school met the measure.

Goal 3: Absolute Measure

Each year, the Performance Index (“PI”) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state’s Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

Due to the state's guidance regarding accountability determinations, the 2019-20 MIPs will be used for the 2020-21 school year and the calculation of this measure is not required.

Goal 3: Comparative Measure

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Due to the fact that the state does not finalize high school outcome data until later in the school year and data prior to 2019-20 are not suitable for comparison, the calculation of this measure is not required.

Goal 3: Comparative Measure

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Due to the fact that the state does not finalize high school outcome data until later in the school year and data prior to 2019-20 are not suitable for comparison, the calculation of this measure is not required.

Goal 3: Comparative Measure

Each year, the Performance Index ("PI") in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Due to the fact that the state does not finalize high school outcome data until later in the school year and data prior to 2019-20 are not suitable for comparison, the calculation of this measure is not required.

Goal 3: Growth Measure

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently scoring at Performance Level 4 and fully meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core)) by the completion of their fourth year in the cohort.

METHOD

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for the college and career readiness standard.

ACTION PLAN

The school is increasing the rigor of its English language arts program by requiring all students to take English classes for college credit in grades 11 and 12.

GOAL 4: MATHEMATICS

HIGH SCHOOL MATHEMATICS

Summary of changes to the High School Mathematics Goal due to the Covid-19 school closure:

- Schools do not need to report on PI results.
- Schools do not need to report out on district comparison measures.
- Schools do report on absolute Regents attainment and growth from 8th grade in a modified format based on instructions under each respective measure below.

Goal 4: Absolute Measure

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently scoring at or above Performance Level 4 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents mathematics exam(s) that students must pass to graduate. The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on any Regents Common Core mathematics exams. This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.

Due to the state's cancellation of June 2020 and August 2020 administrations of the Regents, some students in the 2016 Cohort who had not previously sat for any mathematics exam but were scheduled to sit for one in 2020 would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam requirement as well as the percentage of students achieving at least Level 4 among the students who sat for any exam.

RESULTS AND EVALUATION

The school did not meet the measure, but doubled the percentage of students in the 2015 cohort achieving Level 4 or higher. COVID-19 closures prevented the school from assessing the impacts of expanded time for mathematics instruction in the 2019-20 school year.

2016	2019-20	22	5	6	35%

ADDITIONAL EVIDENCE

The impact of the school's increase of time spent on mathematics instruction can be seen in the increase in the percentage of students scoring at a level 4 or higher in 2019-20.

Goal 4: Absolute Measure

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently scoring at or above Performance Level 3 on a Regents mathematics exam) by the completion of their fourth year in the cohort.

METHOD

The school administered the Regents mathematics exam(s) that students must pass to graduate. The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents mathematics exams. ACTION PLAN

In the 2019-20 school year, the school expanded the amount of time scheduled for mathematics instruction and utilized supplemental instruction via educational software. The school will continue with these promising practices in 2020-21.

GOAL 5: SCIENCE

HIGH SCHOOL SCIENCE

Summary of changes to the High School Science Goal due to the Covid-19 school closure:

- Schools do not need to report out on district comparison measures.

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

- Schools do report on absolute Regents attainment in a modified format based on instructions below.

Goal 5: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

METHOD

New York State schools administer multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry and Physics. The school administered Living Environment, Earth Science, and Physics. It scores Regents on a scale from 0 to 100; students must score at least 65 to pass. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort. Students may have taken a particular Regents science exam multiple times or have taken multiple science exams. Students have until the summer of their fourth year to pass a science exam.

Due to the state's cancellation of June 2020 and August 2020 administrations of the Regents, some students in the 2016 Cohort who had not previously sat for the exam but were scheduled to sit for this exam in 2020 would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students passing among the students who sat for the exam.

GOAL 6: SOCIAL STUDIES

Summary of changes to the Social Studies Goal due to the Covid-19 school closure:

- Schools do not need to report out on district comparison measures.
- Schools do report on absolute Regents attainment in a modified format based on instructions below.

Goal 6: Social Studies

New Roots Charter School students will demonstrate an understanding of human history and the current historical moment, and will be prepared to be active as democratic leaders and citizens.

Goal 6: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. This measure requires students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort. Students may have taken the exams multiple times and have until the summer of their fourth year to pass it. Once students pass it, performance on subsequent administrations of the same exam do not affect their status as passing.

2019-20 ACCOUNTABILITY PLAN PROGRESS REPORT

Due to the state's cancellation of June 2020 and August 2020 administrations of the Regents, some students in the 2016 Cohort who had not previously sat for the exam but were scheduled to sit for this exam in 2020 would be exempted from the graduation requirement. GOAL 7: ESSA

The 2019-20 ESSA Goal remains unchanged due to the Covid-19 school closure. The 2019-20 accountability status based on 2018-19 results and can be found by navigating to the school report card available [here](#).

Goal 7: Absolute Measure

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system.

RESULTS AND EVALUATION

The school is in good standing under the state's ESSA accountability system. The school met the measure.

ADDITIONAL EVIDENCE

The school has been in good standing each year during each year of the current charter term.
