#### **INDEPENDENT AUDITOR'S REPORT**

Board of Trustees Bronx Charter School for Better Learning

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Bronx Charter School for Better Learning, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bronx Charter School for Better Learning as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Report on Summarized Comparative Information

We have previously audited Bronx Charter School for Better Learning's June 30, 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 21, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Other Report Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2020 on our consideration of Bronx Charter School for Better Learning's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bronx Charter School for Better Learning's internal control over other financial reporting and compliance.

#### **Emphasis of Matters**

As discussed in Note A to the financial statements, in 2020 Bronx Charter School for Better Learning adopted new accounting guidance for recognition of revenue, contributions received and statement of cash flows presentation. Our opinion is not modified with respect to these matters.

#### NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### The Charter School

Bronx Charter School for Better Learning ("the Charter School") is an educational corporation that operates as a charter school in the borough of Bronx, New York. The Charter School operates two schools, Bronx Charter School for Better Learning ("BBL I") and Bronx Charter School for Better Learning II ("BBL II"). On March 25, 2003, the Board of Regents of the University of the State of New York granted BBL I a provisional charter valid for a term of five years and renewable upon expiration. On May 24, 2017, BBL I obtained a five year charter renewal with the ability to operate through July 31, 2023.

On July 22, 2014, the Board of Regents of the University of the State of New York amended the charter agreement permitting an additional school to be opened by the Charter School. During the 2015 fiscal year, the Charter School added BBL II under its expanded charter. BBL II has the authority to operate through July 30, 2025. The Charter School was established to provide its students in grades K-5 with a solid foundation for academic success, through achievement that exceeds citywide averages and meets or exceeds New York State Standards and national norms in all curriculum areas tested, especially in mathematics and language arts. The Charter School operates a Pre-K program which is not considered a chartered grade. There is a separate contract between the Charter School and the New York Department of Education regarding the operation of the Pre-K program.

The accompanying financial statements include the accounts of BBL I and BBL II (collectively referred to as the "Charter School"). All intercompany balances and transactions have been eliminated in the accompanying financial statements.

#### Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Charter School, the accounts of the Charter School are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

The assets, liabilities, activities, and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

#### Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Charter School.

#### Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had net assets with donor restrictions of \$31,745 and \$3,032 at June 30, 2020 or 2019, respectively.

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

#### Revenue recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Charter School's public school district revenues qualify as exchange transactions and the revenues are earned over time.

#### Public School District Revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

#### Universal Pre-Kindergarten (Pre-K)

Similar to public school district revenue, the Charter School recognizes Pre-K revenue as educational programming is provided to students throughout the year. The maximum revenue amount is based on a contractually determined fixed amount per student and the number of students enrolled at a point in time. This amount could be further reduced if actual costs incurred in providing the Pre-K program are less than the maximum calculated amount of the contract. Amounts are paid in installments throughout the course of the year, with the final 5% paid upon submission of all required documentation at the end of the contract year. Approximately \$188,000 and \$180,000 of funding was received during the years ending June 30, 2020 and 2019, respectively, and is included in the state and local grants line on the accompanying statement of activities and changes in net assets.

#### **Fundraising**

The Charter School conducts special events in which a portion of the gross proceeds paid by the participant represents payment for the direct cost of the benefits received by the participant at the event— the exchange component, and a portion represents a contribution to the Charter School. Unless a verifiable objective means exists to demonstrate otherwise, the fair value of meals and entertainment provided at special events is measured at the actual cost to the Charter School. The contribution component is the excess of the gross proceeds over the fair value of the direct donor benefit. The direct costs of the special events, which ultimately benefit the donor rather than the Charter School, are recorded as fundraising expense in the statement of functional expenses. The performance obligation is delivery of the event. The event fee is set by the Charter School. Special event fees collected by the Charter School in advance of its delivery are initially recognized as liabilities (deferred revenue) and recognized as special event revenue after delivery of the event.

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

For special event fees received before year-end for an event to occur after year-end, the Charter School follows AICPA guidance where the inherent contribution is conditioned on the event taking place and is therefore treated as a refundable advance along with the exchange component.

The following tables summarizes contract balances at their respective statement of financial position dates:

	June 30,					
	2020		2019		201	
		_		_		
Accounts receivable	\$	407,426	\$	188,092	\$	443,405

#### Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. Approximately \$14,000 and \$51,000 was deferred at June 30, 2020 and 2019, respectively, mostly related to the Charter School's summer program.

#### Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position. There was no revenue deferred at June 30, 2020 and 2019, respectively. The Charter School typically fully expends their grants within the fiscal year with only minor amounts carrying forward to future periods.

#### Cash and cash equivalents

Cash and certain money market account balances are maintained at financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. The Charter School considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. In the normal course of business, the cash and cash equivalent account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

#### Certificates of deposit

Certificates of deposit represent certificates of deposit with maturities of twelve months or less. These assets are carried at their original cost plus interest earned. In the normal course of business, the account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in certificates of deposit.

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

#### Accounts, grants and contracts receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2020 or 2019.

#### Property and equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to five years.

#### Escrow account

The Charter School segregated certain certificates of deposit to fund an escrow account in accordance with the terms of their charter agreement. The amount in escrow as of June 30, 2020 and 2019 was \$156,754 and \$156,129, respectively. The escrow account is restricted to fund legal and other costs should the Charter School cease operations and dissolve.

#### Tax exempt status

The Charter School is a tax-exempt Charter School under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2017 through June 30, 2020 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

#### In-kind donations

Gifts and donations other than cash are recorded at fair value at the date of contribution. The Charter School did not receive any in-kind contributions for the years ended June 30, 2020 and 2019.

#### Contributed services

The Charter School receives contributed services from volunteers to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed. The Charter School received donated transportation, food services and special education services from the local school district. The Charter School was unable to determine a value for these services. In addition, the Charter School is located in New York City Department of Education facilities and utilizes approximately 52,000 square feet at no charge.

#### Marketing and recruiting costs

The Charter School expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$62,000 and \$46,000 for the years ended June 30, 2020 and 2019, respectively.

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

#### Comparatives for year ended June 30, 2019

The financial statements include certain prior year summarized comparative information in total but not by net asset class or functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

#### Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Adoption of new accounting standards

#### Revenue from contracts with customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued a new standard related to revenue recognition. Under the standard, revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. For nonpublic entities, the guidance in this new standard is effective for annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. The Charter School adopted ASC 606 with the date of initial application of July 1, 2019.

The Charter School applied ASC 606 using the cumulative effect method, which generally requires the recognition of the cumulative effect of initially applying the new guidance as an adjustment to the opening balance of net assets, at July 1, 2019. There was no adjustment to the opening balance of net assets at July 1, 2019, as a result of this new accounting standard. In addition, the comparative information has not been adjusted and continues to be reported under existing revenue guidance. The Charter School does not expect the adoption of the new revenue standard to have a material impact on its income on an ongoing basis.

As part of the adoption of ASC 606, the Charter School elected to use the following transition practical expedients: (1) all contract modifications that occurred prior to the date of initial application when identifying the satisfied and unsatisfied performance obligation, determining the transaction price, and allocating the transaction price have been reflected in the aggregate; and (2) ASC 606 is applied only to contracts that are not completed at the initial date of application. Because contract modifications are minimal, there is not a significant impact as a result of electing these practical expedients.

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE A: THE SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

#### Contributions received and contributions made

In June 2018, FASB issued Accounting Standards Update (ASU) 2018-08, "Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made". ASU 2018-08 assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. For most resource recipients, this standard is effective for annual reporting periods beginning after December 15, 2018. The Charter School adopted the provisions of ASU 2018-08 applicable to contributions received with a date of initial application of July 1, 2019 under a modified prospective basis. Accordingly, there is no effect on net assets.

#### Statement of cash flows

In November 2016, the FASB issued new guidance related to the statement of cash flows (ASC 230), which requires entities to include restricted cash in the reconciliation of the beginning-of-year to the end-of-year of cash in the statement of cash flows. ASC 230 is effective for annual reporting periods beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. The Charter School adopted this standard as of July 1, 2019 using the retrospective transition method.

#### New accounting pronouncement - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

#### Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 28, 2020, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

#### NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts and certificates of deposit.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE B: LIQUIDITY AND AVAILABILITY, Cont'd

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal years 2020 and 2019.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	June 30,

#### NOTE E: LINE OF CREDIT

The Charter School entered into a \$200,000 line of credit agreement with a bank during 2013. Interest is payable at prime plus 75 basis points (effective rate of 4.00% at June 30, 2020). There was no outstanding balance at June 30, 2020 and 2019, respectively. The line is secured by a certain certificate of deposit held by the Charter School.

#### NOTE F: OPERATING LEASES

The Charter School leases office equipment under certain non-cancelable lease agreements expiring through January 2023. Lease expense was approximately \$147,000 and \$137,000 for the years ended June 30, 2020 and 2019, respectively. The future minimum payments on these agreements are as follows:

Year ending June 30,		Amount
2021	\$	125,123
2022	·	125,123
2023		72,989
	\$	323,235

#### NOTE G: RETIREMENT PLAN

The Charter School sponsors a 403(b) retirement plan (the "Plan") for its employees. All employees of the Charter School are eligible to participate. The Charter School matches 100% of the employee's contributions up to \$2,400 per year. During the years ended June 30, 2020 and 2019, the Charter School contributed approximately \$268,000 and \$244,000, respectively, to the Plan.

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

### YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE H: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

#### NOTE I: CONCENTRATIONS

At June 30, 2020 and 2019, accounts receivable and grants and contracts receivables are comprised of the following:

	June 30,		
	2020	2019	
New York City Department of Education	20%	18%	
Federal Government	51%	49%	
Mt. Vernon Department of Education	21%	26%	

During the years ended June 30, 2020 and 2019, approximately 95% and 94%, respectively, of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School's students are located.

#### NOTE J: NET ASSETS

Net assets without donor restrictions are as follows:

	June 30,			
		2020		2019
Undesignated	\$ 4	,796,338	\$	3,040,547
Invested in property and equipment		364,470		444,538

Net assets with donor restrictions consisted of the following:				
		June	30,	
		2020		2019
Scholarship fund	\$	31,745	\$	3,032

#### NOTES TO FINANCIAL STATEMENTS, Cont'd

YEAR ENDED JUNE 30, 2020 (With Comparative Totals for 2019)

#### NOTE K: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

#### NOTE L: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021.

# BRONX CHARTER SCHOOL FOR BETTER LEARNING REPORT REQUIRED BY GOVERNMENT AUDITING STANDARDS

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Bronx Charter School for Better Learning

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Bronx Charter School for Better Learning, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 28, 2020.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Bronx Charter School for Better Learning's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bronx Charter School for Better Learning's internal control. Accordingly, we do not express an opinion on the effectiveness of Bronx Charter School for Better Learning's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Bronx Charter School for Better Learning's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
