Jamie V. Esperon is the founding Principal and has served since 2010.

#### INTRODUCTION

New World Preparatory Charter School ("NWP") provides an exceptional education for students in grades 6-8 by employing research-proven strategies to raise middle school academic achievement including: academic rigor and relevance, personalization and Emotional Intelligence, focused professional development, and meaningful engagement of families and the larger community. We have built on our nation's promise of opportunity by exemplifying the role social justice holds in shaping a community of the people, by the people and for the people. Our students graduate from NWP with a strong academic foundation, an awareness of the needs of others, and with the social and emotional readiness needed to succeed in middle school and high school and graduate from college.

Set in a neighborhood in close proximity to the Statue of Liberty, New World Preparatory Charter School is "a golden door"—a school community where diversity is not just accepted but celebrated. Our school's design features — academic rigor and relevance, personalization and emotional intelligence, a focus on professional development, and engaging families and the larger community as critical partners — are specifically targeted toward providing middle school students with the academic, social and emotional foundations to succeed in middle school, high school, college and beyond.

NWP uses a curriculum that is research based and aligned to the Common Core and New York State Learning Standards. Students benefit from an extended school day with more time on task for mastery of academic subjects. We have a school-wide focus on critical thinking, reading and writing across all content areas to improve the overall academic performance of every student. Our students are challenged to develop the habits and dispositions that will enable them to succeed in middle school, be prepared for a college preparatory high school curriculum and be college ready. As opposed to focusing merely on information recall, our students are challenged in all content areas to cite evidence to support their viewpoints, make connections, consider alternatives, assess importance and understand the connection between what they are learning and its relevance to their life and future success. The curriculum and instructional framework support student's preparation for post-secondary education.

We engage our students around topics that are relevant to their everyday lives. Our board has decided to use a social justice framework as a strategy for engaging students around a curriculum that is relevant to their interests. Some examples of topics that teachers develop lessons around include health care, environmental issues, civil rights, immigration, the economics of poverty, and the United States' relationships in a changing world.

Student assessments at NWP are designed to provide ongoing, useful feedback to staff and students. Our regular classroom assessments, which are both formal and informal, include a range of activities such as quizzes, selected responses, open-ended and closed constructed responses, end of unit tests, performance tasks, interviews, open-ended questions and conferences. Our staff meets regularly to analyze data, review student work, and use it to plan instruction. We incorporate interim assessments quarterly to support a structure for evaluating student progress and identifying students' needs so that interventions can be integrated into the daily academic program. NWP will analyze classroom, interim assessment and standardized test data to design appropriate interventions and instructional strategies to ensure that student achievement goals are met. We have developed an intervention and enrichment focus using our data to create six focus groups that provide us with the opportunity to look at these leveled groups to create and implement plans specific to where students are and

strategies that support both individual students and targeted group interventions. Our staff is trained to deploy instructional methods that are appropriate to the developmental needs of middle grade students.

NWP presents a clear alternative to large, impersonal middle schools by serving less than 375 students and having structured time scheduled to support the social and emotional needs of each child. Each grade level contains at most 5 classes of approximately 25 students to a class. By keeping the school population and class size small, we create a school community where each student is known and supported. Additionally, students in all grade levels participate in a structured advisory program that will function to further develop relationships that support learning. Each teacher has been assigned a group of approximately 18 students to whom they serve as an advisor over the course of the students' three years at the school. That teacher establishes a relationship not only with the students but their families as well. In addition, each student has a grade level social worker/guidance counselor who provides support over the three years.

Our school has been designed around a focus on continuous and targeted professional development of our staff. The value our board places on quality professional development is evidenced by our school's academic calendar, thoughtful scheduling decisions, and staff evaluation system. On a yearly basis, our faculty participates in a two-week pre-service. Students are dismissed early every Wednesday to provide time for school-wide professional development. On a daily basis, teachers have common planning time and have an opportunity to plan curriculum and lessons together, engage in conversations about students in need of support, determine interventions and learn new strategies and approaches to support their own development as teachers. They receive staff development from coaches and feedback from the school's Principal.

At NWP, professional development is results-oriented. Studies of successful school improvement efforts have repeatedly shown that good results depend on the building of a collaborative community of adult learners who accept joint responsibility for student achievement.

School Enrollment by Grade Level and School Year<sup>1</sup>

| School<br>Year | 6   | 7   | 8   | Total |

| 2012-13        | 97  | 97  | 90  | 284   |
| 2013-14        | 129 | 104 | 89  | 322   |

New World Preparatory Charter School 2013-14 Accountability Plan Progress Report

<sup>&</sup>lt;sup>1</sup> The below data is based on BEDS day enrollment reports and may not be consistent with the number of students enrolled at the time of exams as listed in the subsequent tables.

#### ENGLISH LANGUAGE ARTS

# **Goal 1: English Language Arts**

All students at the school will become proficient in reading and writing of the English language.

#### Background

NWP uses a balanced comprehensive literacy approach to accomplish our mission of producing students who meet or exceed the CCLS. At NWP there is a school-wide emphasis on reading and writing strategies embedded across all content areas to ensure that students are reading, writing, listening and speaking across content areas and grade levels.

Students receive two class periods of instruction in English Language Arts. Teachers utilize Expeditionary Learning, a New York State approved and inquiry based language arts curriculum, which combines interpretive discussion and activities with the reading of complex text to promote critical reading for a deeper meaning. There is a school wide focus on the development of vocabulary and each teacher is every class provides instruction daily on vocabulary. Students learn to coherently express their analysis, interpretation, and evaluation of these complex texts through the use of the Hochman method, a series of structured, sequential, evidence-based instructional writing and thinking strategies.

In addition to their ELA classes, all students are enrolled in a 'Literacy Leaders' class. Literacy Leaders involves every teacher at New World Prep becoming a teacher of reading by working with a small group of similarly leveled (as per the Fountas and Pinnell Benchmark System) students daily. The class consists of time spent on guided reading, independent reading, and read aloud. There is also a daily emphasis on vocabulary development in Literacy Leaders, which is reinforced through the multiple exposures of vocabulary over time.

#### **Goal 1: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

#### Method

The school administered the New York State Testing Program English language arts assessment to students in sixth through eighth grades in April 2014. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

**2013-14** State English Language Arts Exam Number of Students Tested and Not Tested

| Crada | Total  | 1              | Total |   |          |
|-------|--------|----------------|-------|---|----------|
| Grade | Tested | IEP ELL Absent |       |   | Enrolled |
| 6     | 128    | 0              | 1     | 0 | 129      |
| 7     | 101    | 0              | 0     | 0 | 101      |
| 8     | 87     | 0              | 0     | 0 | 87       |
| All   | 316    | 0              | 1     | 0 | 317      |

#### Results

In the 2013-14 school year, 15.5% of all of NWP's students performed at a proficient level. This number improved 2.5 percentage points to 18% when focusing on students enrolled in at least their second year at the school. This analysis is limited to seventh and eighth grade students because NWP serves grades sixth through eight. Thus, all students entering the school in the sixth grade have not have been enrolled in the school for two consecutive years.

Performance on 2013-14 State English Language Arts Exam By All Students and Students Enrolled in At Least Their Second Year

|        | All Stud  | dents            | Enrolled in at least their<br>Second Year |                  |  |
|--------|-----------|------------------|-------------------------------------------|------------------|--|
| Grades | Percent   | Number<br>Tested | Percent                                   | Number<br>Tested |  |
| 6      | 11.7% 128 |                  | No S                                      | tudents          |  |
| 7      | 19.8%     | 101              | 20.0%                                     | 80               |  |
| 8      | 16.1%     | 87               | 16.2%                                     | 86               |  |
| All    | 15.5%     | 316              | 18%                                       | 166              |  |

#### **Evaluation**

In the 2013-14 school year, NWP did not meet its goal of 75% proficiency. However, it should be noted that the formula for determining proficiency has been revised twice since NWP received its charter and achieving this goal has become more stringent through these amendments. With that in mind, the school's absolute goal of achieving 75% student proficiency has not changed. Further, it should be noted that individual school's, as well as the district, city, and state average for percentage of students performing at a proficient level has significantly decreased through change in formula to determine proficiency.

While greater growth was anticipated, there was an increase in student performance from the previous school year.

Overall, 18% of students in at least their second year scored at or above the level of proficiency, with the highest number of students at proficiency being in the seventh grade. Seventh grade students received an additional three months as the pilot group for the Hochman Method, which may explain their increased performance. All students need more time with instructional programs to demonstrate

<sup>&</sup>lt;sup>2</sup> Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

more significant growth, and close the achievement gap that exists prior to them entering New World Prep.

#### **Additional Evidence**

When comparing NWP students enrolled in at least their second year at the school with Community School District 31 schools with a similar student demographic, NWP fares well. As shown in the chart below, NWP outperformed the only other Staten Island charter school that serves similar grades, as well as outperformed IS 49, a traditional public school that serves a similar percentage of impoverished students. Further, the seventh grade students enrolled at NWP for at least two years outperformed seventh grade students at IS 51, a school that serves a lower number of impoverished students.

#### **Goal 1: Absolute Measure**

Each year, the school's aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

#### Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's

learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2013-14 English language arts AMO of 89. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>3</sup>

#### Results

NWP's PLI was 78.8, falling short of the state's AMO of 89 by 10.2 percentage points.

Number in Percent of Students at Each Performance Level Level 1 Level 2 Level 3 Level 4 Cohort 36.7% 47.8% 13.9% 1.6% PΙ 47. 13. 63.3 1.6 9 13. 15.5 1.6

**English Language Arts 2013-14 Performance Level Index (PLI)** 

#### **Evaluation**

NWP did not achieve its AMO measure and fell short the state's goal by 10.2 percentage points. The school's seventh grade represented the highest number of students performing at a proficient level by grade at 19.8%, while the incoming sixth grade students represented the lowest performing grade with only 11.7% of students performing at a proficient level on the state English language arts exam. The most likely explanation for the sixth grade's low performance is that they have only been enrolled at NWP for one year. Further, our school serves a larger percentage of ELL and Special education students than our local school district. Special education students who entered NWP in 2013 on average scored .49 performance levels lower that their general education counterparts on their 5<sup>th</sup> grade assessment. ELL students on average scored .57 performance levels lower.

Seventh grade represented the highest number of students performing at a proficient level most likely due to the fact that they had some exposure to the Hochman method in the previous school year.

# **Goal 1: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

#### Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>4</sup>

PLI

78.8

<sup>&</sup>lt;sup>3</sup> In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

<sup>&</sup>lt;sup>4</sup> Schools can acquire these data when the New York State Education Department releases its Access database containing grade

#### Results

20% of students in at least their second year of enrollment at NWP performed at a proficient level, compared to 35% of all seventh and eighth grade students in Community School District 31.

#### **Evaluation**

NWP did not meet its goal of students enrolled in at least their second year exceeding the district average. The total number of seventh and eighth grade students in at least their second year at the school was 17 percentage points below the district average for all seventh and eighth grade students in Community School District 31, which ranks 9<sup>th</sup> among all New York City community school districts in English language arts proficiency on the 2013-14 ELA exam. However, the gap between seventh grade students enrolled at NWP for at least two years performing at a proficient level and the district average of seventh grade students performing at a proficient level closed from 17.8 percentage points in the 2012-13 school year to 12 percentage points on this year's exam.

#### **Additional Evidence**

Community School District 31 is a diverse district that serves a vast student population. Although the percentage of NWP students enrolled in at least their second year performing at a proficient level is below the average across the district, NWP outperforms or performs comparable to schools serving a similar student population. As shown in the charts below, NWP experienced a greater growth in the percentage of students performing at a proficient level from the 2012-13 school year to the 2013-14 school year. Further, NWP outperformed John W. Lavelle Preparatory Charter School, the only other charter school in Community School District 31 that serves similar grades.

Although the percentage of NWP students performing at a proficient level did not exceed that of Community School District 31, the district in which the school is located and all of its students reside, NWP performed on a comparable level when compared with schools of similar demographics in the district. It should be noted that NWP serves a higher special education, English language learner, and impoverished student population than the district average and the majority of schools in Community School District 31. Further, the growth of NWP students performing at a proficient level on the state English language arts exam was greater than three of the five comparable Community School District 31 schools from the 2012-13 to 2013-14 exam.

The percentage of NWP students performing at a proficient level on the state English language arts exam was equal to that of John W. Lavelle Preparatory Charter School, the only other charter school in the district to serve similar grades. However, it should be noted that the percentage of free and reduced lunch students at NWP is 15 percentage points higher than that of John W. Lavelle Preparatory Charter School.

Further, NWP ranked 25th of the 50 schools with an 88% poverty population on the 2014 English language arts exam. This cohort includes not only schools located in New York City, but also schools throughout the state. Further, NWP had the 16th highest improvement of students performing at a proficient level from 2012-13 to 2013-14 in this cohort.

Moreover, the lowest performing group of NWP students was the school's sixth grade. This is attestable to the fact that these students are in their first year at the school. 39.2% of this year's entering class came from homes where the primary language was not English. Our entering English language learning and special education students scored, on average, a half performance level lower than other entering students on their 5<sup>th</sup> grade NYS ELA Test. In addition to this low testing level, NWP educates a high number of special education and English language learning students. The average English language arts testing level of this cohort is nearly half-a-point lower than the overall sixth grade class. Finally, nearly one-third of NWP's students come from a home where the language

spoken is one other than English.

#### **Goal 1: Comparative Measure**

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>5</sup>

#### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Comparative Performance Analysis available.

#### Results

NWP's overall effect size for the 2012-13 English language arts exam was a negative 0.41, a result that was lower than expected. The eighth grade was close to meeting its goal, while sixth grade students, all of whom were in their first year at NWP, were furthest from meeting the stated goal.

#### 2012-13 English Language Arts Comparative Performance by Grade Level

<sup>&</sup>lt;sup>5</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year's results using reported free-lunch statistics.

| Grade | Percent<br>Economically | Number<br>Tested |        | of Students<br>rels 3&4 | Difference<br>between Actual | Effect<br>Size |

| All   |                         | 279              | 12.9   | 17.6                    | -4.7                         | -0.41          |

**School's Overall Comparative Performance:** The school performed lower than expected.

#### **Evaluation**

The school did not meet its goal as the effect size did not match or exceed a positive 0.3.

#### **Additional Evidence**

NWP has improved its effect size every year the school has been chartered. The difference between the actual and predicted percentage of students performing at a proficient level closed in the seventh grade and school wide from the 2011-2012 school year to the 2012-13 school year.

**English Language Arts Comparative Performance by School Year** 

| School<br>Year | Grades | Percent<br>Eligible for<br>Free Lunch | Number<br>Tested | Actual | Predicted | Effect<br>Size |
|----------------|--------|---------------------------------------|------------------|--------|-----------|----------------|
| 2010-11        | 6      | 72%                                   | 108              | 29.6   | 39.2      | -0.62          |
| 2011-12        | 6-7    | 67%                                   | 186              | 33.9   | 39.9      | -0.36          |
| 2012-13        | 6-8    | 82.4%                                 | 379              | 12.9   | 17.6      | -0.41          |

NWP ranked 25th of the 50 schools with an 88% poverty population on the New York State 2014 English language arts exam. This cohort includes not only schools located in New York City, but also schools throughout the state. Further, NWP had the 16th highest improvement of students performing at a proficient level from 2012-13 to 2013-14 in this cohort.

#### Goal 1: Growth Measure<sup>6</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

#### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score from 2011-12 including students who were retained in the same grade. Students with the same 2011-12 score are ranked by their 2012-13 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are

<sup>&</sup>lt;sup>6</sup> See Guidelines for <u>Creating a SUNY Accountability Plan</u> for an explanation.

aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Growth Model data available.<sup>7</sup>

#### Results

School wide, NWP exceeded the statewide mean growth percentile.

**2012-13** English Language Arts Mean Growth Percentile by Grade Level

|       | Mean Growth Percentile |           |  |  |
|-------|------------------------|-----------|--|--|
| Grade | School                 | Statewide |  |  |
|       | School                 | Median    |  |  |
| 6     | 44.9                   | 50.0      |  |  |
| 7     | 56.8                   | 50.0      |  |  |
| 8     | 52.9                   | 50.0      |  |  |
| All   | <u>51.8</u>            | 50.0      |  |  |

#### **Evaluation**

The school exceeded the 50.0 statewide median in the mean growth percentile school wide. Individually, the seventh and eighth grades exceeded this goal as well. The only grade to perform below the statewide median was the sixth grade. However, it should be noted that sixth grade students are in their first year at NWP. Throughout the first charter term, students have consistently showed academic growth the longer they were enrolled at the school.

#### **Additional Evidence**

| 2014 Growth Scores |    |  |  |  |
|--------------------|----|--|--|--|
| 6                  | 56 |  |  |  |
| 7                  | 62 |  |  |  |
| 8                  | 47 |  |  |  |
| School             | 55 |  |  |  |

In 2014, NWP's overall mean growth percentile was 55. This was an improvement of 3.2 points over the previous school year.

**English Language Arts Mean Growth Percentile by Grade Level and School Year** 

<sup>&</sup>lt;sup>7</sup> Schools can acquire these data from the NYSED's Business Portal: portal.nysed.gov.

|       | Mean Growth Percentile |          |         |           |  |  |  |
|-------|------------------------|----------|---------|-----------|--|--|--|
| Grade | 2010-118               | 2011-127 | 2012-13 | Statewide |  |  |  |
|       |                        | 2011-12  | 2012-13 | Average   |  |  |  |
| 6     |                        |          | 44.9    | 50.0      |  |  |  |
| 7     |                        |          | 56.8    | 50.0      |  |  |  |
| 8     |                        |          | 52.9    | 50.0      |  |  |  |
| All   |                        |          | 51.8    | 50.0      |  |  |  |

# **Summary of the English Language Arts Goal**

NWP did not achieve its absolute or comparative English language arts goals, but the school did achieve its growth measure. For comparative measures, NWP is at a severe disadvantage because these measures do not control for the percentage of English language learners and special education students. The school's charter commits to serving this student population and greatly exceeds the district average in both areas.

| Type        | Measure                                                                                                                                                                                                                                                                                                                                                                        | Outcome         |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Absolute    | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.                                                                                                                                                                                       | Did Not Achieve |
| Absolute    | Each year, the school's aggregate Performance Level Index (PLI) on the state English language arts exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.                                                                                                                                                           | Did Not Achieve |
| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the local school district.                                                                                                               | Did Not Achieve |
| Comparative | Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2012-13 school district results.) | Did Not Achieve |
| Growth      | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.                                                                                                                                                         | Achieved        |

#### **Action Plan**

In order to improve the academic performance of students in English Language Arts, New World Preparatory Charter School will take several actions.

First, the Literacy Leaders class will be enhanced to include additional strategies that are aligned to the information gained from item analysis and include an emphasis on research-based literacy practices. Teachers will utilize the DRTA/DLTA (Directed Reading Thinking Activity/Directed Listening Thinking Activity) practice during read aloud, reciprocal teaching during small group instruction, and QAR (Question Answer Relationship) during skills readiness. The Literacy Leaders curriculum will also expand to include more academic vocabulary instruction, through utilization of evidence-based strategies and multiple exposures to words over time. Additionally, New World Prep will enhance the school wide library and house in it a space where students can access books during

<sup>&</sup>lt;sup>8</sup> Grade level results not available.

Literacy Leaders, at lunchtime and after school. This library will enable students to more strategically select texts for independent reading with the guidance of their Literacy Leaders teacher.

In the English language arts class, teachers will continue to utilize and develop Expeditionary Learning curriculum and materials, which is a state approved ELA curriculum aligned to Common Core Standards. Teachers will also use data obtained from the I-Ready diagnostic computer program and state test data to facilitate small group instruction appropriately and provide students with individualized lessons to support their learning. Teachers will also continue to utilize and develop the Hochman Method, with an increased focused on the analysis of complex text and text structures through the incorporation of more informational text in the writing block of ELA. We will also provide more opportunity for students to read and write about non fiction text in content area classes.

In addition to English language arts and Literacy Leaders, every student at New World Prep will be placed into a target group (six total) based on their academic performance. Each target group will be aligned to a specific intervention service as outlined below. Students may move in and out of target groups as their academic progress is monitored. Each target group will also have specific teachers responsible for tracking their progress and movement. This data will be regularly reviewed and shared weekly during grade team meetings. A component of this target group movement is also the increase of Title I push in services in ELA classrooms.

| Target Group              | Type of Intervention            | Point Person              |
|---------------------------|---------------------------------|---------------------------|
| Special Education         | ICT Classroom                   | Special Education Teacher |
|                           |                                 |                           |
| English Language Learners | ELL Classroom                   | ELL Coordinator & Teacher |
| Target Group 1            | After School Wednesday          | Co-Teacher                |
|                           | Program                         |                           |
| Target Group 2            | Title I Push In/Pull Out        | Title I Teacher           |
|                           | After School Wednesday          |                           |
|                           | Program                         |                           |
| Target Group 3            | After School Tutorial 1-        | Co-Teacher                |
|                           | 2x/Week                         |                           |
| Target Group 4            | After School Tutorial as needed | Teacher                   |
|                           | Saturday Enrichment Academy     |                           |

#### MATHEMATICS

#### **Goal 2: Mathematics**

All students at the school will demonstrate competency in the understanding and application of mathematics computation and problem solving

#### Background

The math curriculum follows the Common Core scope and sequence outlined in Engage New York. Supported by research based performance tasks and intervention strategies. Teachers are provided with intensive professional development in developing lesson, tasks, and given specific feedback from the math coach. Teachers have received professional development in the analysis of student data to impact instruction and student growth. An increased number of staff has been hired to incorporate a second staff member in each class. Targeted intervention services have been

implemented through tutorials and individual and small groups.

#### **Goal 2: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

#### Method

The school administered the New York State Testing Program mathematics assessment to students in sixth through eighth grade in April 2014. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

2013-14 State Mathematics Exam Number of Students Tested and Not Tested

| Crada | Total  | 1   | Total |        |          |
|-------|--------|-----|-------|--------|----------|
| Grade | Tested | IEP | ELL   | Absent | Enrolled |
| 6     | 129    | 0   | 0     | 0      | 129      |
| 7     | 101    | 0   | 0     | 0      | 101      |
| 8     | 87     | 0   | 0     | 0      | 87       |
| All   | 317    | 0   | 0     | 0      | 317      |

#### **Results**

In the 2013-14 school year, 31.9% of all students scored at a proficient level on the state mathematics exam, while 26.5% of students enrolled in at least their second year at the school tested at a proficient level.

Performance on 2013-14 State Mathematics Exam By All Students and Students Enrolled in At Least Their Second Year

| Grades | All Studen |                  |         | at least their nd Year |
|--------|------------|------------------|---------|------------------------|
| Grades | Percent    | Number<br>Tested | Percent | Number<br>Tested       |
| 6      | 40.3%      | 129              | N       | J/A                    |
| 7      | 23.8%      | 101              | 23.8%   | 80                     |
| 8      | 28.7%      | 87               | 29.1%   | 86                     |
| All    | 31.9%      | 317              | 26.5%   | 166                    |

#### **Evaluation**

<sup>&</sup>lt;sup>9</sup> Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

In the 2013-14 school year, NWP did not meet the absolute measure for mathematics. Overall, 26.5% of students enrolled at least their second year tested at a proficient level. This is 48.5 percentage points below the absolute measure of 75%. However, the overall percentage of students performing at a proficient level grew 15 percentage points from the 2012-13 to the 2013-14 school year. The percentage of students performing at a proficient level enrolled in at least their second year improved by 9.9 percentage points during that same period.

#### Additional Evidence

The percentage of NWP students performing at a proficient level on the state mathematics assessment exam grew both across grade levels and from year to year (i.e., sixth grade students in the 2012-13 school year taking the exam as seventh grade students in the 2013-14 school year) when compared to the results from the 2012-13 school year.

The percentage of students performing at a proficient level as sixth graders in the 2012-13 school year grew by 4.8 percentage points when they took the exam as seventh graders in 2013-14. Similarly, the percentage of students performing at a proficient level as seventh graders in the 2012-13 school year grew by 15.2 percentage points when they took the exam as eighth graders.

When compared to IS 51 and IS 49 two traditional neighboring middle schools, students in at least their second year at NWP outperformed their colleagues. When data for the seventh and eighth grades are combined, students in at least their second year at NWP outperformed the only other charter school on Staten Island serving middle school grades.

2013-14 Mathematics Performance of Charter School and Comparison Schools by Grade Level

#### **Goal 2: Absolute Measure**

Each year, the school's aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

#### Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2013-14 mathematics AMO of 86. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is  $200.^{10}$ 

#### Results

NWP achieved an aggregate PI score of 102.6 in mathematics in the 2013-2014 school year.

#### **Mathematics 2013-14 Performance Level Index (PLI)**

| Number in | P       |         |          |      |         |   |       |
|-----------|---------|---------|----------|------|---------|---|-------|
| Cohort    | Level 1 | Level 2 | Level 3  |      | Level 4 |   |       |
|           | 29.3%   | 38.8%   | 26.5%    | 5.49 | %       |   |       |
|           |         |         |          |      |         |   |       |
|           | PI      | = 38.   | + 26.    | +    | 5.4     | = | 70.7  |
|           |         | 8       | 5        |      |         |   |       |
|           |         |         | 26.<br>5 | +    | 5.4     | = | 31.9  |
|           |         |         | 3        |      | PLI     | = | 102.6 |

#### **Evaluation**

NWP exceeded the PLI AMO of 86 by 16.6 percentage points.

The mathematics program at NWP utilized an individualized approach that maintained the rigor and real-world performance tasks required by the Common Core and Engage NY and at the same time adjusted for the individual needs of students in real time.

#### **Goal 2: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

#### Method

<sup>&</sup>lt;sup>10</sup> In contrast to NYSED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>11</sup>

#### Results

26.5% of NWP students enrolled in at least their second year at the school performed at a proficient level on the state mathematics exam. This was 6.1 percentage points below the average for seventh and eighth grade students in Community School District 31.

2013-14 State Mathematics Exam Charter School and District Performance by Grade Level

|       | Pe          | rcent of Studer         | ts at Proficiency |             |  |

| All   | 26.5%       | 166                     | <u>32.6%</u>      | 7954        |  |

#### **Evaluation**

NWP fell short of its goal of outperforming the aggregate percentage of Community School District 31 seventh and eighth grade students performing at a proficient level by 6.1 percentage points on the 2013-14 state mathematics exam.

#### **Additional Evidence**

In the 2013-14 school year, NWP closed the gap between the students enrolled in at least their second year at the school and the percentage of seventh and eighth grade students performing at a proficient level district wide. In the 2012-13 school year, the gap was 12.4 percentage points. In the 2013-14 school year, the gap closed to 6.1 percentage points, over a 50% improvement.

Mathematics Performance of Charter School and Local District by Grade Level and School Year

| Grade | Percent of Students Enrolled in at Least their Second Year Who Are at |         |         |  |  |  |
|-------|-----------------------------------------------------------------------|---------|---------|--|--|--|
|       | Proficiency Compared to Local District Students                       |         |         |  |  |  |
|       | 2011-12                                                               | 2012-13 | 2013-14 |  |  |  |

<sup>&</sup>lt;sup>11</sup> Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its <a href="News-Release webpage">News-Release webpage</a>.

|     | Charter | Local    | Charter | Local    | Charter | Local    |
|-----|---------|----------|---------|----------|---------|----------|
|     | School  | District | School  | District | School  | District |
| 7   | 32%     | 65%      | 14%     | 28%      | 23.8%   | 37%      |
| 8   | N/A     | N/A      | 19%     | 29%      | 29.1%   | 28%      |
| All | 32%     | 65%      | 17%     | 29%      | 26.5%   | 33%      |

The overall percentage of NWP students performing at a proficient level on the 2013-14 state mathematics exam exceeded the total percentage of sixth, seventh, and eighth grade students in all New York City schools and was comparable to the average of sixth, seventh, and eighth grade students in Community School District 31, as well as the total state average for comparable grades.

On an individual grade level, NWP's sixth and eighth grade outperformed the average for Community School District 31, as well as the sixth and eighth grade average of all New York City and State schools.

NWP experienced the greatest growth of students performing at a proficient level from the 2012-13 exam to the 2013-14 exam of comparable Community School District 31 schools. Additionally, the overall percentage of NWP students performing at a proficient level was higher than all other comparable schools in Community School District 31.

As reported by NY state in their data package related to the 2014 state test results, <sup>12</sup> NWP ranked 16th of the 50 schools with an 88% poverty population on the 2014 English language arts exam. This cohort includes not only schools located in New York City, but also schools throughout the state. Further, NWP had the 5th highest improvement of students performing at a proficient level on the mathematics exam from 2012-13 to 2013-14 in this cohort.

# **Goal 2: Comparative Measure**

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>13</sup>

#### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most

<sup>12</sup> http://www.nysed.gov/news/2014/state-education-department-releases-grades-3-8-assessment-results

<sup>&</sup>lt;sup>13</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year's results using reported free-lunch statistics.

recent Comparative Performance Analysis available.

#### Results

NWP's overall effect size for the 2012-13 mathematics exam was a 0.01 translating to a comparative performance that was lower than expected.

2012-13 Mathematics Comparative Performance by Grade Level

| Grade | Percent of<br>Economically<br>Disadvantaged | Number of<br>Students<br>Tested – | Percent of Students at Proficiency |           | Difference<br>between Actual<br>- and Predicted | Effect Size |  |

| School's Overall Comparative Performance:                                      |  |
|--------------------------------------------------------------------------------|--|
| Higher than predicated, but not at the performance level required by the state |  |

#### **Evaluation**

NWP did not meet this goal, as the effect size did not exceed a 0.3. However, there was a positive effect size and the school vastly improved its effect size when compared to the 2011-12 data. Most notably, NWP's eighth grade students, those students enrolled in the school for the longest amount of time performed above the effect size by 0.17, the highest of any grade the school serves.

#### **Additional Evidence**

NWP improved at every grade level under the 2012-13 comparative performance analyses. The school's overall effect size improved by .81 when compared to the 2011-12 data. Further, each grade level experienced a horizontal and vertical improvement. On the 2012-13 exam, the sixth grade improved by 0.65 and the seventh grade improved by 0.78.

Students who took the exam as sixth graders in 2011-12 improved by 0.66 when they took the exam in 2012-13 as seventh graders. Similarly, students who took the exam as seventh graders in 2011-12 improved by 1.02 when they took the exam in 2012-13 as eighth graders.

NWP serves an exceedingly greater amount of special needs students than Community School District 31. NWP serves nearly four percentage points more students with disabilities, 1.5 percentage points more students with limited English proficiency, and over 30 percentage points more students who are economically disadvantaged than the average district school.

#### **Mathematics Comparative Performance by School Year**

| School<br>Year | Grades | Percent<br>Eligible for<br>Free Lunch | Number<br>Tested | Actual | Predicted | Effect<br>Size |
|----------------|--------|---------------------------------------|------------------|--------|-----------|----------------|
|----------------|--------|---------------------------------------|------------------|--------|-----------|----------------|

| 2010-11 | 6   | 72%   | 109 | 35.8 | 48.4 | -0.60 |
|---------|-----|-------|-----|------|------|-------|
| 2011-12 | 6-7 | 67%   | 184 | 35.9 | 52.5 | -0.80 |
| 2012-13 | 6-8 | 82.4% | 279 | 16.8 | 16.7 | 0.01  |

NWP ranked 16th of the 50 schools with an 88% poverty population on the 2014 Mathematics exam. This cohort includes not only schools located in New York City, but also schools throughout the state. Further, NWP had the 5th highest improvement of students performing at a proficient level from 2012-13 to 2013-14 in this cohort.

#### Goal 2: Growth Measure<sup>14</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

#### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Growth Model data available. 15

NWP's 2012-13 mathematics mean growth percentile was 62.3, 12.3 points above the statewide average.

2012-13 Mathematics Mean Growth Percentile by Grade Level

|       | Mean Grow   | th Percentile |  |  |
|-------|-------------|---------------|--|--|
| Grade | School      | Statewide     |  |  |
|       | School      | Average       |  |  |
| 6     | 58.8        | 50.0          |  |  |
| 7     | 58.8        | 50.0          |  |  |
| 8     | 69.9        | 50.0          |  |  |
| All   | <u>62.3</u> | 50.0          |  |  |

#### **Evaluation**

NWP's overall mean growth percentile is greater than the state median of the 50th percentile. Further, each individual grade that NWP serves had a higher growth percentile than the state average.

#### Additional Evidence

<sup>&</sup>lt;sup>14</sup> See Guidelines for <u>Creating a SUNY Accountability Plan</u> for an explanation.

<sup>&</sup>lt;sup>15</sup> Schools can acquire these data from the NYSED's business portal: portal.nysed.gov.

In 2014, New World Prep improved its overall mean growth percentile by 4.7 points.

| 2014 Growth Scores |    |  |

# **Summary of the Mathematics Goal**

NWP achieved one of its absolute goals and its growth goals. The school did not achieve either of the comparative goals or the second absolute goal. However, NWP outperformed or scored similar to Community School District 31 schools with similar demographics. Further, NWP is at a severe disadvantage under the comparative analysis because these measures do not take into account the percentage of special education students the school serves, a population far higher than the district average.

| Type        | Measure                                                                                                                                                                                                                                                                                                                                                              | Outcome         |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Absolute    | Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.                                                                                                                                                                                       | Did Not Achieve |
| Absolute    | Each year, the school's aggregate Performance Level Index (PLI) on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.                                                                                                                                                           | Achieved        |
| Comparative | Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the local school district.                                                                                                               | Did Not Achieve |
| Comparative | Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2012-13 school district results.) | Did Not Achieve |
| Growth      | Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.                                                                                                                                                         | Achieved        |

\_

#### Action Plan

The school will take the following steps and implement the following programs to improve academic performance.

Our school will continue to implement the Common Core Curriculum as outlined in Engage NY. This year there will be an increased emphasis on the use of rigorous real world performance tasks. We will strategically use the results from the I-Ready Diagnostic tests to inform instruction and the progress students are making in skills and content development. We will continue to integrate our intervention group model into the program to provide the level and intensity of support to students necessary to meet their individual needs.

Every student at New World Prep will be placed into a target group (six total) based on their academic performance. Each target group will be aligned to a specific intervention service as outlined below. Students may move in and out of target groups as their academic progress is monitored. Each target group will also have specific teachers responsible for tracking their progress and movement. This data will be regularly reviewed and shared weekly during grade team meetings. A component of this target group movement is also the increase of AIS push in services in ELA classrooms.

| Target Group              | Type of Intervention            | Point Person              |
|---------------------------|---------------------------------|---------------------------|
| Special Education         | ICT Classroom                   | Special Education Teacher |
| English Language Learners | ELL Classroom                   | ELL Coordinator & Teacher |
| Target Group 1            | After School Wednesday          | Co-Teacher                |
|                           | Program                         |                           |
| Target Group 2            | AIS Push In/Pull Out            | AIS Teacher               |
|                           | After School Wednesday          |                           |
|                           | Program                         |                           |
| Target Group 3            | After School Tutorial 1-        | Co-Teacher                |
|                           | 2x/Week                         |                           |
| Target Group 4            | After School Tutorial as needed | Teacher                   |
|                           | Saturday Enrichment Academy     |                           |

#### SCIENCE

#### Goal 3: Science

All students at the school will demonstrate competency in the understanding and application of scientific reasoning.

#### Background

The science curriculum at New World Prep is aligned to the New York City Department of Education Scope and Sequence and is follows the core curriculum materials. In science, students learn concepts through the activities-based modules in grades 6-8. Our school will continue to use these curricula and explore the topics outlined in Tables 1-3 at the end of this section.

#### **Goal 3: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

#### Method

The school administered the New York State Testing Program science assessment to students in eighth grade in spring 2014. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

#### Results

On the 2013-14 state science assessment exam, 51.7% of NWP students in at least their second year at the school performed at a proficient level.

# Charter School Performance on 2013-14 State Science Exam By All Students and Students Enrolled in At Least Their Second Year

|       | Percent of Students at Proficiency                                              |    |             |                  |  |
|-------|---------------------------------------------------------------------------------|----|-------------|------------------|--|
| Grade | Charter School Students In At Least 2 <sup>nd</sup> Year  Percent Number Tested |    | All Distric | et Students      |  |
|       |                                                                                 |    | Percent     | Number<br>Tested |  |
| 8     | 51.7%                                                                           | 87 | N/A         | N/A              |  |

#### **Evaluation**

NWP fell short of its goal of 75% of students enrolled in their at least their second year at the school performing at a proficient level by 23.3 percentage points.

#### **Additional Evidence**

The percentage of NWP students enrolled in at least their second year at the school performing at a proficient level on the state science exam fell by 4.8 percentage points from the 2012-13 school year to the 2013-14 school year.

#### Science Performance by Grade Level and School Year

|       | Percent of Students Enrolled in At Least Their Second Year at Proficiency |                  |         |                  |         |                  |
|-------|---------------------------------------------------------------------------|------------------|---------|------------------|---------|------------------|
| Grade |                                                                           |                  |         |                  |         | 3-14             |
|       | Percent                                                                   | Number<br>Tested | Percent | Number<br>Tested | Percent | Number<br>Tested |
| 8     | N.                                                                        | /A               | 56.5%   | 85               | 51.7%   | 87               |
| All   |                                                                           |                  | 56.5%   | 85               | 51.7%   | 87               |

#### **Goal 3: Comparative Measure**

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

#### Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

#### Results

The district results for the state science assessment exam have not been released at this time. Thus, there are no comparative measures to report.

#### **Summary of the Science Goal**

NWP did not achieve its absolute measure for the science goal. At the time of this writing, the state science assessment scores for the district have not been released for the 2013-14 school year. Thus, the comparative goal cannot be assessed.

| Type        | Measure                                                                                                                                                                                                                                | Outcome         |
|-------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Absolute    | Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.                                                                                     | Did Not Achieve |
| Comparative | Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district. | N/A             |

#### **Action Plan**

The Eighth Grade Intermediate State Science test is comprised of two parts including Part I: Performance Test and Part II: Written Test. To ensure that students are familiar with the format of each test, students will continue to practice item questions when appropriate and teachers will support their understanding by identifying problem recognition strategies.

Specific to Part I: Performance Test: Students are required to effectively use different science equipment including the microscope, measurement tools and classification systems. Students in all grades are introduced to these materials at different points in the curriculum to practice and realize the importance of these tools to the science discipline. Our eighth grade science teachers will continue to ensure that these laboratory skills are reinforced throughout all four units of study so students are well prepared for this part of the examination.

Specific to Part II: Written Test: The combination of the diagnostic, formative and summative assessments administered throughout the academic year across all grade levels will continue to be reviewed to inform instruction. An item analysis of last year's test is currently underway. The results will provide NWP teachers with more specific information about student performance. This analysis will allow the teachers to identify specific areas of the NY State Performance Standards (http://www.p12.nysed.gov/ciai/mst/scirg.html) that may need a greater instructional focus during the academic year.

The school will make Adequate Yearly Progress

#### **Goal 4: Absolute Measure**

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

#### Method

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

#### Results

NWP is in good standing this year.

#### **Evaluation**

NWP met this measure. The school is in good standing this year.

#### **Additional Evidence**

NWP continues to be in good standing under the NCLB system.

#### NCLB Status by Year

| Year    | Status        |
|---------|---------------|
| 2011-12 | Good Standing |
| 2012-13 | Good Standing |
| 2013-14 | Good Standing |

# **Appendix B: Total Expenditures and Administrative Expenditures per Child**

Created Friday, July 18, 2014 Updated Thursday, July 31, 2014

# Page 1

Charter School Name: 353100860984 NEW WORLD PREP CS

#### B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

# 1. Total Expenditures Per Child

To calculate 'Total Expenditures per Child' take total expenditures (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students you reported on of BEDS Day. (Integers Only. No dollar signs or commas).

| 1. Total Expenditures Per Child   Line 1: Total Expenditures      | 5708203 |
|-------------------------------------------------------------------|---------|
| 1. Total Expenditures Per Child   Line 2: BEDS Day Pupil Count    | 322     |
| 1. Total Expenditures Per Child   Line 3: Divide Line 1 by Line 2 | 17727   |

# 2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' take the <u>relevant portion</u> from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the BEDS per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

#### Please note the following:

Do not include the FTE of personnel dedicated to administration of the instructional programs.

Do not include Employee Benefit costs or expenditures in the above calculations.

A template for the Schedule of Functional Expenses is provided on page 21 of the 2012 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template <u>does not</u> need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2013-14 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).

| To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 1: Relevant Personnel Services Cost (Row)    | 730891  |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 2: Management and General Cost (Column)      | 507467  |
| To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 3: Sum of Line 1 and Line 2                  | 1238358 |
| To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 4: BEDS Day Pupil Count                      | 322     |
| To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 5: Divide Line 3 by the BEDS Day Pupil Count | 3846    |

Thank you.

#### **Annual Report Requirement**

for SUNY Authorized Charter Schools

## School

Administrative expenditures per pupil:

\$0.00

Per NYS Statute

Administrative expenditures per pupil: the sum of all general administration salaries and other general administration expenditures divided by the total number of enrolled students. Employee benefit costs or expenditures should not be reported here.

#### **Appendix E: Disclosure of Financial Interest Form**

Created Monday, July 28, 2014

#### Page 1

#### 353100860984 NEW WORLD PREP CS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2013-14 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at:

http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the surveyhttps://fluidsurveys.com/account/surveys/540612/publish/qrcode/. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible. Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

| 13                                                                                                                  |
|                                                                                                                     |
| 5. How many times did the Board meet during the 2013-14 school year?                                                |
| 11                                                                                                                  |
|                                                                                                                     |
| 6. How many times will the Board meet during the 2014-15 school year?                                               |
| 11                                                                                                                  |
| Thank you.                                                                                                          |

#### Appendix H: Enrollment and Retention Efforts

Describe the efforts the charter school has utilized in 2013-2014 and a plan for efforts to be taken in 2014-2015 to meet or exceed enrollment and retention of students with disabilities, English language learners, and students who are eligible for free and reduced priced lunch.

2013-14 Special Ed
process

Enrollment Advertising on the New World
Preparatory Charter School
website included information on
the special education program.

New World Prep staff members
visited 8 elementary schools on
Staten Island and were available
during open houses and parent
tours to answer any special
education questions that were

asked.

The Special Education Consultant was also available to assist and support parents with any questions they had about the school's program.

ELL

New World Prep has a lottery preference for ELL students.

In addition, flyers and applications were translated into Spanish and translators were present at the school's 3 Open Houses.

The school used Vanguard Direct mailing campaign to local zip codes (10301, 10302, 10303, 10304, 10310 and 10314), which included areas with a high percentage of ELL students.

Staff visited 8 local Staten Island elementary schools to recruit students. Staff attended PTA meetings & their community events. At these

Free and reduced lunch

The school used a Vanguard Direct mailing campaign to local zip codes (10301, 10302, 10303, 10304, 10310 and 10314), which included areas with a high percentage of students receiving Free and Reduced lunch.

Staff visited 8 local elementary schools on Staten Island to recruit students.

#### Retention

Professional development was provided to staff on effective strategies to use with special education students. The Special Education consultant also provided training on articulation and supported work with the CSE.

The school also holds regular meetings with students to discuss their progress and the support options available to assist them.

sites flyers were shared with parents in English & Spanish.

The ESL Teacher/Coordinator provides academic support to ELL students regularly and attends PD sessions throughout the year to support this work.

The family resource coordinator holds classes to support second language parents and maintains communication throughout the year.

Bilingual staff members are available to translate at school events.

Two parent workshops are scheduled before the beginning of the year to familiarize parents with school culture and provide support.

The family resource coordinator holds parent academy classes and maintains communication throughout the year.

#### 2014-2015 Plan Enrollment and

Retention

During the current school year, 23.73% of New World Prep's students had IEPs. This figure surpassed our local district, District 31, where only 20% had IEPs. We will continue to recruit and retain Special Education students as outlined above.

During the current school year, 7.59% of New World Prep's students were English Language Learners. This figure surpassed our local district, District 31, where only 6% were ELL. We will continue to recruit and retain English Language Learners as outlined above

During the current school year, 88.61% of New World Prep's students qualified for free or reduced lunch. This figure surpassed our local district, District 31, where only 58% qualified. We will continue to recruit and retain Free and Reduced Lunch students as outlined above.

#### **Appendix I: Teacher and Administrator Attrition**

Created Friday, July 18, 2014 Updated Thursday, July 31, 2014

#### Page 1

Charter School Name: 353100860984 NEW WORLD PREP CS

Instructions for completing the Teacher and Administrator Attrition Tables ALL charter schools should provide, for teachers and administrators only, the full time equivalent (FTE) of staff on June 30, 2013, the FTE for added staff from July 1, 2013 through June 30, 2014, and the FTE for any departed staff from July 1, 2013 through June 30, 2014 using the two tables provided.

#### 2013-14 Teacher Attrition Table

| FTE Teachers on June 30, 2013 | FTE Teachers Additions 7/1/13 – 6/30/14 | FTE Teacher Departures 7/1/13 – 6/30/14 |
|-------------------------------|-----------------------------------------|-----------------------------------------|
| 27                            | 21                                      | 16                                      |

#### 2013-14 Administrator Position Attrition Table

| FTE Administrator Positions On 6/30/2013 | FTE Administrator Additions 7/1/13 – 6/30/14 | FTE Administrator Departures 7/1/13 – 6/30/14 |
|------------------------------------------|----------------------------------------------|-----------------------------------------------|
| 4                                        | 1                                            | 0                                             |

#### Thank you
