INTRODUCTION

Our mission is to provide an exceptional educational solution, focused on preparing every student for NYC’s most competitive high schools and leadership in their chosen careers through an integrated educational design with high expectations, extensive academic and social-emotional support, and a high level of family and community engagement.

Heketi's name embraces two main elements of our mission focus. ‘Heketi’ is the Taíno word for **ONE**. Taínos are the indigenous people of the Caribbean, representing the heritage of a large portion of the Spanish-speaking population in the South Bronx. Heketi was born out of a desire to honor this heritage and embrace the power of multilingual literacy and reading skills for success and leadership. The meaning of Heketi, **ONE**, is also a recognition of what it takes to create an educational environment that ensures **each** child’s success. Heketi’s educational design integrates **families**, school **staff**, and **community** members — all invested and united in building a community focused on achievement.

After taking a planning year, Heketi opened its doors in the Mott Haven section of the Bronx to 90 kindergarten and first graders. As a school that seeks to improve educational outcomes for traditionally underserved English Language Learners, the school moved to a Dual Language Immersion program in the second year of operations. During the 2013-14 school year, 27% of students enrolled were English Language Learners. Students in the Dual Language program receive 50% of their instruction in Spanish and 50% in English during grades K-2.

By the end of our second year, we served 133 students—27% ELLs, 17% students with disabilities, and 92% free & reduced lunch. We kept a laser-focus on creating conditions for learning that maximize students’ sense of belonging, fun, and high academic engagement. Our unique design elements include:

- Dual Language Immersion Program—supporting native Spanish-speakers in acquiring English language by strengthening their native language.
- Clear and Transparent Accountability—frequent use of formative data and summative data to drive instructional decisions and professional development.
- High Expectations for All—engage all stakeholders in discussion and analysis of quarterly assessments. Maximize the use of instructional time on task.
- Investment in Social-Emotional Support—embed the school’s guiding principles and Second Step Character Education curriculum in the instructional day.

ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

Students will be confident, independent, and proficient readers, writers, and speakers of the English language.

Background

During the 2013-14 school year, the school made a significant change to the ELA program. After looking at student's second quarter assessment, we decided to move away from the Teachers College Reading and Writing Workshop. The majority of our teachers were first-year practitioners who graduated from TC, however, they struggled to find the time to design lessons that met the needs of all students (particularly those in the margins). As a result, we collaborated with other schools to research a scripted ELA programs with clear alignment to the Common Core Standards. Houghton Mifflin's Journeys offered a comprehensive, balanced approach to literacy with supplemental materials for ELLs and students below and above grade-level. The mid-year change was difficult for teachers, as they navigated a steep learning curve.

By year's end, all teachers and parents endorsed Journeys as a comprehensive ELA program that helped us move the needle on student achievement. We are confident that we will see immediate gains in the upcoming school year when we implement the program starting in September.

Goal 1: Absolute Measures

Each year, 75 percent of all students in grades 2-5 who are enrolled in at least their second year will perform at or above grade level on the Fountas & Pinnell Reading Assessment.

Results

The chart below indicates second grade student performance on the Fountas & Pinnell Benchmark Assessment, using the Teachers College scoring rubric:

Performance on 2013-14 Fountas & Pinnell Benchmark Reading Assessment By All Students and Students Enrolled in At Least Their Second Year

Grades	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
2	74%	42	75%	32

Evaluation

For the 2013-14 school year, the school came close to meeting the 75% goal; however, fell short by 1%. During the first two years of operation, the school's professional development focus was ELA in order to provide students with the requisite literacy foundation necessary to access the higher content and vocabulary demands of grades 3-5. The school got off to a slow start relying on new teachers to design much of the ELA workshop model. In response, we focused our professional development on teacher planning and design of ELA lessons. We began to see student achievement gains when we moved to a

more scripted, comprehensive ELA program—Journeys. Towards the spring of last year we purchased RazKids, a web-based reading program for grades 1 and 2. Families and teachers alike noticed an improvement in students’ reading strategies as a result of daily opportunities to work with the program. For students in grades 1 and 2 who remained at a Level 1 in reading, the school recommended a Fordham University summer reading program at no cost to families. Of the 13 students who participated, 12 moved up one reading level.

Additional Evidence

The following table shows our founding students’ progress after two years at Heketi. Students have shown steady growth on our quarterly ELA benchmark assessments. Our second grade cohort made stronger gains after two years, which we believe can be attributed to two factors: first-year teachers staffed our first grade team; and the number of students with disabilities in first grade was much higher than second grade (22% vs. 5%). Additionally, as mentioned earlier, our decision to move away from the TC Workshop Model was largely driven by the number of inexperienced teachers we had and the inability to provide ample professional development to address the learning curve.

Fountas & Pinnell Reading Assessment Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2011-12		2012-13		2013-14	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
1	Planning year		Year 1		68%	37
2					75%	32

Action Plan

For the 2014-15 school year, the school hired a number of experienced teachers and balanced each grade with senior and novice teachers. We’ve also brought on a seasoned reading teacher to work with struggling readers and provide professional development for teachers to improve their guidance reading practice. We know that the mid-year move to the Journeys curriculum yielded immediate results for students in Levels 2 and 3, and, therefore, expect to see significant growth for all students by second semester. We will also continue to grow the RazKids reading program through 3rd grade.

MATHEMATICS

Goal 2: Mathematics

Students will master increasingly sophisticated mathematical concepts and be able to apply those concepts in a variety of settings.

Background

During the 2013-14 school year, Heketi used TERC Investigations as the core mathematics curriculum in grades 1 and 2, and Bridges Mathematics in kindergarten. Both programs offer a hands-on approach with multiple opportunities for practice through a spiraled curriculum, which supports the academic development of our ELLs. Teachers used unit assessments to reteach lessons, regroup students, and make recommendations about the programs to their respective instructional coach.

After analyzing student data during second quarter assessments, we found that the scope and sequence of both programs wouldn't meet annual Common Core Standards if we didn't supplement. Therefore, teachers began using the math modules of EngageNY to supplement the math program. Unfortunately, with the mid-year transition to our new Journeys ELA program, math professional development waned. The instructional coaches and school director focused exclusively on ELA student achievement for the remainder of the year. As a result, students did not make adequate gains.

Goal 2: Absolute Measure

- Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.
- Each year, the school's aggregate Performance Level Index (PLI)¹ on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

Method

The school did not administer a norm-referenced mathematics exam for the 2013-14 school year.

Evaluation

Teachers administered year-end assessments designed by the respective math programs. As a result of a hyper-focus on the new ELA program, the school did not

¹ In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

collect and analyze math data. In order to improve math instruction and outcomes for the 2014-15 school year, a number of adjustments have been made:

1. The school has hired a math consultant to work with teachers in grades 2 and 3.
2. During Summer Institute, teachers worked with grade level math coaches to unpack the EngageNY math modules. Teachers will work with their instructional coach to continue to supplement TERC and Bridges with the math modules.
3. The school will administer the Math Terra Nova exam in 2nd grade.

APPENDIX B: OPTIONAL GOALS

Goal S: Parent Satisfaction

Families will be satisfied with Heketi's academic and social-emotional program.

Goal S: Absolute Measure

- Each year, 80% of total families will indicate "satisfied" or "extremely satisfied" as an overall rating on the Family Satisfaction Survey (total families includes those who do not respond to the survey).

Method

The school used the NYCDOE parent survey to analyze parent satisfaction.

Results

The 2013-14 parent satisfaction survey results indicate a high level of parent satisfaction with the school's instructional program, responsiveness to parents' needs, school culture, and the school's resources.

2013-14 Parent Satisfaction Survey Response Rate

Number of Responses	Number of Families	Response Rate
119	127	94%

2013-14 Parent Satisfaction on Key Survey Results

Item	Percent of Respondents Satisfied
Instructional Core	98%
Systems for Improvement	97%
School Culture	97%

Evaluation

The school exceeded its annual goal. We attribute the high rate of satisfaction to our mission—ONE community collaborating to support individual student needs.

B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate 'Total Expenditures per Child' take total expenditures (from the unaudited 2013-14 Schedule of Functional Expenses) and divide by the count of students you reported on of BEDS Day. (Integers Only. No dollar signs or commas).

1. Total Expenditures Per Child Line 1: Total Expenditures Per Pupil	1901825
1. Total Expenditures Per Child Line 2: BEDS Day Pupil Count	137
1. Total Expenditures Per Child Line 3: Divide Line 1 by Line 2	13382

2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2013-14 Schedule of Functional Expenses) and divide by the BEDS per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

Do not include the FTE of personnel dedicated to administration of the instructional programs.

Do not include Employee Benefit costs or expenditures in the above calculations.

A template for the Schedule of Functional Expenses is provided on page 21 of the 2012 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template does not need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2013-14 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2013-14 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at:

<http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/>. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the survey <https://fluidsurveys.com/account/surveys/540612/publish/qrcode/>. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible.
Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

Appendix H: Enrollment & Retention Efforts

Outreach Plan for 2013-14 and 2014-15

Heketi Community Charter School has developed a comprehensive outreach plan designed to stimulate interest in the school from CSD7 parents and guardians (or whichever district in which the school will ultimately reside). The school will seek to admit students in its district of residence from non-English speaking households in order to meet the high demand for improving outcomes for ELL students. The school will also make an extra effort to inform families of students with disabilities and ELL needs that they are eligible to apply.

We have undertaken the measures below to recruit student applicants (and will provide translation services as needed for the School application, all promotional materials and any person-to-person interaction requiring an English translation):

- Mailings to residents of the school district of location;
- Recruit from existing ELLs and students with disabilities;
- Post flyers and notices in local newspapers, supermarkets, churches, libraries, community centers, apartment complexes, and local CSE;
- Attend local community events and fairs;
- Conduct Information Sessions at public spaces, after school programs and youth centers, churches, early intervention sites, and Pre-k and Headstart Programs (particularly bilingual programs);
- Conduct Information Sessions in conjunction with Child Welfare service providers and community organizations in the area;
- Visit local organizations in surrounding neighborhoods;
- Collaborate with local Universities serving immigrant families in our community (Hostos Community College, Lehman College, City College, Mercy College);
- Utilize the Bronx Immigration Service Agencies: U.S. Services and Immigration Services Office, Hostos Community College Immigration Center.

Retention Efforts

During the 2013-14 school year, the school enrolled 26% English Language Learners and 17% students with disabilities. Both percentages are commensurate with CSD 7's enrollment of similar subgroups.

In order to ensure that our highest need students are being served, we have increased our number of ICT classes, added additional in-house service providers, and hired a full-time ESL teacher. We also created a Dual Language program to ensure that we attract Spanish-speaking students from the community.
