#### INTRODUCTION

Children's Aid College Prep Charter School (CACPCS) is a community school whose mission is to prepare elementary school students for success in middle school, high school, college and life by providing them with a rigorous instructional experience; addressing their physical, emotional and social needs; fostering a sense of pride and hope; and serving as a safe and engaging community hub.

CACPCS's vision is to ensure that ALL children have the opportunity to achieve the American Dream. By fostering each child's holistic development early in their academic careers, and by promoting learning and cognitive development, social and emotional skills development and health and wellness supported by meaningful parent or caregiver engagement, CACPCS will put its students on the path to college success.

The key design elements in place at CACPCS to ensure achievement of the mission and vision include:

#### Instructional rigor and a robust academic program

- Curriculum aligned with Common Core Standards
- Expanded school day (7:45-4:00pm) and extended school year (more than 180 days)
- · Connection to quality summer programming

#### **Expanded learning opportunities**

- After-school programming (4:00-6:00pm)
- Thoughtful integration of school day and after-school goals evident in projectbased work through art, physical education, dance, music, and technology

#### Frequent and purposeful assessment

- Academic and non-academic measures to guide the work of all school staff
- Consistent references to student action plan

#### Talented and committed professional staff and administrators

- Life Coaches as the primary orchestrators of resources and communication
- Effective coaching and professional development strategies

#### **Comprehensive support services**

- Full range of health, mental health and social services
- Continuous support and outreach to stabilize families

#### **ENGLISH LANGUAGE ARTS**

#### Goal 1: English Language Arts

Children's Aid College Prep Charter School (CACPCS) students are proficient readers and writers of the English language.

#### **Background**

CACPCS utilizes the Common Core State Standards aligned Harcourt Journeys curriculum to implement a robust and comprehensive English Language Arts program. With two certified teachers in each classroom, CACPCS students receive differentiated instruction through whole group, small group or one-on-one instruction. The school monitors student progress through daily, biweekly and interim assessments including the Iowa Test for Basic Skills, the Developmental Reading Assessment (DRA2+), Wilson's Fundations and Core Ready Programs. Teachers, in consultation with the Principal and the Academic Dean use this assessment data to adjust instruction and provide students with strategic interventions as needed. The Principal and Deans provide teachers with ongoing coaching and mentoring through daily observation and feedback sessions and weekly grade-level meetings. Teachers also receive professional development during the summer as well as a full day of training in November.

#### Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

#### Method

The school did not administer the New York State Testing Program English Language Arts assessment in April 2014. During the 2013-14 academic year, CACPCS did not serve students in testing grades.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

#### **Goal 1: Absolute Measure**

Each year, the school's aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

#### Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2013-14 English language arts AMO of 89. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>2</sup>

#### Results

CACPCS did not administer the English Language Arts state exam in April 2014. In that academic year, the school did not have testing grades and instead served students in grades K-2.

Number in	Percent of Students at Each Performance Level					
Cohort	Level 1	Level 2	Level 3	Level 4		
	n/a	n/a	n/a	n/a		

#### **Evaluation**

<sup>2</sup> In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

CACPCS does not yet serve students in testing grades and consequently is unable to ascertain achievement against this measure at this time.

#### **Goal 1: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

#### Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>3</sup>

#### Results

CACPCS has not yet administered the state's English Language Arts exam. Consequently, the school is unable to compare its performance against the district at this time.

#### **Goal 1: Comparative Measure**

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>4</sup>

#### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

<sup>4</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year's results using reported free-lunch statistics.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Comparative Performance Analysis available.

#### Results

CACPCS has yet to administer the state exams. Therefore, the school cannot comment on Effect Size at this time.

#### Goal 1: Growth Measure<sup>5</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

#### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score from 2011-12 including students who were retained in the same grade. Students with the same 2011-12 score are ranked by their 2012-13 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains <u>2012-13</u> results, the most recent Growth Model data available.<sup>6</sup>

#### Results

The school cannot comment on results at this time since it has not yet administered the state exam.

#### **Action Plan**

Though CACPCS lacks state test data, the expertise gained from the Children's Aid Society working with New York City's children and families for nearly 160 years will allow the school to apply best practices to guide CACPCS to success on the English Language Arts exam in 2015. Evidence of this includes recent student performance on internal school assessments. For example, at the end of the 2013-14 school year, 84% of all students tested at Level 3 or higher on the Developmental Reading Assessment (DRA2+), and 83% of all students tested at Level 3 or higher on the Iowa Test for Basic Skills (ITBS), which assesses students' capabilities at all stages of their development as readers. Thus, CACPCS students are meeting or exceeding the common core standards in ELA. (ITBS) assessment.

While leveraging the after-school and summer enrichment programs through the Children's Aid Society, CACPCS will build upon the culture of literacy instituted during its first year of operation. CACPCS will continue to implement its comprehensive assessment system and rigorous student progress monitoring to ensure that students who experience difficulty-mastering standards receive effective and timely support. As CACPCS expands to full enrollment, it will continue to implement the Common Core aligned Harcourt Journeys curriculum combined with its ongoing coaching and mentoring program for teachers. In addition, the school will continue to communicate frequently with parents through home visits, monthly events, and multiple reports of student progress throughout the year.

#### **MATHEMATICS**

#### Goal 2: Mathematics

CACPCS students understand and apply mathematical computation to solve problems.

#### Background

CACPCS utilizes the Common Core State Standards aligned Singapore Math In Focus curriculum to implement a robust and comprehensive Math program. With two certified teachers in each classroom, CACPCS students receive differentiated instruction through whole group, small group or one-on-one instruction. The school monitors student progress through daily, biweekly and interim assessments including the lowa Test for Basic Skills and Singapore Math assessments. Teachers, in consultation with the Principal and the Dean of Math and Data use this assessment data to adjust instruction or provide students with strategic interventions as needed. The Principal and Deans provide teachers with ongoing coaching and mentoring through daily observation and feedback sessions and weekly grade-level meetings. Teachers also received professional development during the summer as well as a full day of training in November.

#### **Goal 2: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

#### Method

The school did not administer the New York State Testing Program mathematics assessment to students in April 2014. During the 2013-14 academic year, CACPCS did not serve students in testing grades.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

#### **Evaluation**

CACPCS is unable to state whether it has met the measure since the school has not yet administered the state's Math exam.

#### **Goal 2: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

#### Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>10</sup>

#### Results

CACPCS is unable to state whether it has met the measure since the school has not yet administered the state's Math exam.

## 2013-14 State Mathematics Exam Charter School and District Performance by Grade Level

<sup>9</sup> In contrast to NYSED's Performance Index, the PLI does not account for year-to-year growth toward proficiency. 10 Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its <a href="News Release webpage">News Release webpage</a>.

#### **Goal 2: Comparative Measure**

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>11</sup>

<sup>11</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year's results using reported free-lunch statistics.

#### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Comparative Performance Analysis available.

#### Results

#### Goal 2: Growth Measure<sup>12</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

#### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains <u>2012-13</u> results, the most recent Growth Model data available.<sup>13</sup>

#### **Action Plan**

To ensure that students meet or exceed state standards on the 2015 math exam, CACPCS administered the Rally Mathematics Assessment during this school year. The Rally assessments supplement the Singapore Math In Focus curriculum assessments and provide additional levers for improving instructional effectiveness and student learning. The Principal, Deans and teachers meet through lunch and learns to analyze assessment results and adjust instruction as needed with the goal of improving student's math fluency and literacy.

At the end of the 2013-14 school year, 91% of all second grade students tested at Level 3 or higher on the Rally Mathematics Assessment, Rally is a common core standards based assessment aligned with the current format of the New York State Assessment. It serves as a diagnostic tool to determine student mastery of skills and standards. Thus, CACPCS students are meeting or exceeding the common core standards in math.

As the school grows, CACPCS will continue to provide ongoing coaching and mentoring to teachers through daily observation and feedback, modeling, co-teaching, weekly grade cohort meetings and formal professional development training sessions. CACPCS will also leverage the after school and summer programs offering classes in robotics and chess to supplement the school's mathematics program and provide students with a creative outlet for practicing and demonstrating their knowledge in a manner that reinforces and builds upon the school's instruction.

#### SCIENCE

#### Goal 3: Science

Students will demonstrate proficiency relevant to science achievement.

#### **Background**

CACPCS utilizes the inquiry based, nationally field-tested Full Option Science System (FOSS) curriculum to promote student literacy and achievement in science. With two certified teachers in each classroom, CACPCS students learn experientially through whole group, small group or individual labs and exercises. The school monitors student progress through daily, biweekly and interim assessments including the Iowa Test for Basic Skills and FOSS assessments. Teachers, in consultation with the Principal and Deans use this assessment data to adjust instruction or provide students with strategic interventions as needed. The Principal and Deans provide teachers with ongoing coaching and mentoring through daily observation and feedback sessions and weekly grade-level meetings. Teachers also received professional development during the summer as well as a full day of training in November..

#### **Goal 3: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

#### Method

The school administered the New York State Testing Program science assessment to students in 4<sup>th</sup> and 8<sup>th</sup> grade in spring 2014. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

#### Results

CACPCS does not yet serve students in either of the testing grades for the state's science exam. Consequently, the school cannot yet share the results of its performance on the exam.

#### **Action Plan**

CACPCS will not have students eligible to take the state science exam until the spring of 2016. Until then, the school will continue to implement the FOSS curriculum program emphasizing experiential, hands-on learning.

#### **NCLB**

#### Goal 4: NCLB

The school will make adequate yearly progress.

#### Goal 4: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

#### Method

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

#### Results

CACPCS does not yet have state assessment data available for evaluation. However, CACPCS is confident that its rigorous, well-conceived and resource-rich educational program will allow it to exceed achievement goals..

#### B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

#### 1. Total Expenditures Per Child

To calculate 'Total Expenditures per Child' take total expenditures (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students you reported on of BEDS Day. (Integers Only. No dollar signs or commas).

1. Total Expenditures Per Child   Line 1: Total Expenditures	3536177
1. Total Expenditures Per Child   Line 2: BEDS Day Pupil Count	207
1. Total Expenditures Per Child   Line 3: Divide Line 1 by Line 2	17083

### 2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' take the <u>relevant portion</u> from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the unaudited 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the BEDS per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

#### Please note the following:

Do not include the FTE of personnel dedicated to administration of the instructional programs.

Do not include Employee Benefit costs or expenditures in the above calculations.

A template for the Schedule of Functional Expenses is provided on page 21 of the 2012 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template <u>does not</u> need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2013-14 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the 2013-14 Schedule of Functional Expenses) and <u>divide by</u> the count of students as of BEDS Day. #### 321200861026 CHILDREN'S AID COLLEGE PREP C

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2013-14 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at:

http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the surveyhttps://fluidsurveys.com/account/surveys/540612/publish/qrcode/. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible. Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

#### **Appendix H: Enrollment and Retention Efforts**

Efforts to Recruit Students with Disabilities, English Language Learners and Students Eligible for Free and Reduced Priced Lunch for the 2013-14 and 2014-15 Academic Years:

It is the vision of Children's Aid College Prep Charter School (CACPCS) to ensure that its students are on the path to college success by fostering each child's holistic development early in their academic careers. This includes promoting learning and cognitive development; social and emotional skills development; and health and wellness supported by meaningful parent or caregiver engagement.

Partnered with the Children's Aid Society (CAS) to serve the most vulnerable children and families, focused outreach efforts were made within the Morrisania section of Bronx to recruit for (and fulfill) specified preferences for enrollment in CACPCS. The Morrisania community of the South Bronx is comprised of low income working-class people with 57% of children growing up in poverty, and 66.5% of the population receiving some form of government income support. With our concentrated efforts to recruit the neediest children, we held three (3) onsite informational sessions, and participated in five (5) Open House meetings at local day care and early childhood centers. We delivered information packets and handouts to 12 local day care, early childhood, and community schools; attended two (2) Community Board and Parent Council meetings; one (1) borough-wide charter school recruitment fair; and solicited the support of the following CAS divisions: Early Childhood, Foster Care, Preventive Services, and Mental Health divisions. These recruitment efforts supplemented our advertisement campaign that consisted of postcard mailings, distributing flyers, and a six week long posting advertisement at eight (8) neighborhood NYC bus shelters. Lastly, we launched the "It's Time to Recruit" campaign, which invited our current parents to actively participate in the recruitment process. CACPCS Parents were trained and then equipped with information and applications to distribute and speak about the school to neighbors, friends, and families.

As a result of our targeted efforts last year, 84% of our students enrolled for the 2013-2014 academic year received free and reduced priced lunch, 15% received special education services, and 16% were identified as English Language Learners. With this data, it was important for the school to enhance our recruitment efforts for the upcoming school year. Thus, greater emphasis will be placed on the community's neediest children through intense and habitual recruitment of the foster care, preventive care, and mental health organizations in the community. Also, we weighted our lottery preferences, which includes English Language Learners (ELL), families below the self-sufficiency standard, and children involved in the foster care or preventive care services. Using CAS as our primary resource to interact with these families in the Morrisania community, recruitment efforts will begin earlier in December to provide four full months of outreach to directly and indirectly network of case managers, social workers and healthcare providers. Furthermore, through the collaborative efforts of our Special

Education Coordinator with the Committee on Special Education, we work to provide more onsite special education services, such as occupational therapy and physical therapy.

Efforts to Retain Students with Disabilities, English Language Learners and Students Eligible for Free and Reduced Priced Lunch (FRPL) for the 2014-15 Academic Year:

To retain our FRPL students, CACPCS has implemented the following strategies to help our students develop behaviors, habits and skills necessary for academic and career success: (1) conduct multiple summer information sessions for parents and caregivers on school attendance policies and expectations; (2) identify families in need of attendance support; (3) implement routines, rituals and celebrations of perfect and improved attendance; (4) develop student/parent goal-setting and action planning as needed to support families; and (5) implement regular attendance supports for families in need.

Furthermore, CACPCS has incorporated a Success Mentor position. This role provides additional retention support by tracking attendance trends, reaching out to parents of students with poor attendance, and identifying needs and resources parents need to ensure improved and consistent daily attendance. The Success Mentor works with families of chronically absent or tardy students to address the barriers keeping them from consistent attendance and/or punctuality. The Success Mentor collaborates with our Life Coaches to share data collected from parent conversations of poor attendance. For example, families speak of transportation struggles, feelings of nihilism due to impoverished, urban living, and poor health; thus, the life coaches are better informed to work with these identified families to seek solutions.

CAS' community school model allows CACPCS to incorporate health and social services that 'wrap around' children and families. This has proven to yield positive results in academic performance and school attendance, as well as increased self-esteem, and healthier peer relationships. CACPCS's Wrap-Around Services provide the following: (1) life coaching; (2) linked medical, dental, mental health services; (3) after school programming and enrichment activities; (3) access to summer camps and summer programming to reduce the chances of summer learning loss; (4) family support services through the Office of Public Policy and Client Advocacy. This office provides advocacy and support for housing, low-income subsidies, domestic violence, child support, access to health care, juvenile justice, special education, credit, immigration, and foster care.

During the 2013-14 academic year, 16% of the students enrolled in CACPCS were English Language Learners (ELL). In addition to the services described above, students receive ESL services from a certified ESL specialist- who provides ESL support and interventions full day at the school. The ESL Specialist conducts student identification and assessment through the Lab-R and NYSESSLAT exams and leads flexible reading groups for students, in addition to providing push-in or pull-out services to ELL's based on their needs. The ESL Specialist frequently conducted 'lunch and learn' sessions with general education and special education teachers as well as school leaders to discuss student progress, identify strategies for implementation in the classroom, and to monitor the ESL program's overall effectiveness.

In addition to the ESL services noted above, we started a new program to provide ESL services to parents and guardians of CACPCS students. We launched an evening adult ESL program that allowed parents who have not yet developed proficiency in English to acquire the basic English language skills needed to function effectively as citizens and certainly as educational champions for their child.

During the 2012-13 academic year, 15% of enrolled students had an Individualized Education Plan (IEP). Depending upon their IEP, students received push-in or pull-out Special Education Teacher Support Services (SETSS). The school utilizes the *Wilson Fundations* intervention program as well as flexible reading groups to support below-level and special education students. The Special Education (SpEd) teacher attends weekly grade-level cohort meetings with general education teachers, the ESL Specialist and school leadership to discuss student progress towards meeting IEP goals. They participate in lesson planning, and identify strategies to support student learning. Students also receive life coaching support to gauge their social-emotional needs and to ensure they are coping well with the demands of the education program, and that they are receiving appropriate supports at home and at school. Also, the ESL Specialist and SpEd teachers coordinate and participate in parent workshops in ELA and math to provide strategies for parents to support their learning needs at home.

Lastly, during the 2013-14 academic year CACPCS implemented Academic Parent Teacher Teams (APTT). The APTT program is an initiative that trains and coaches parents to (1) be educational champions individually and collectively as they learn instructional strategies; (2) implement a systemic approach and focus on academic goals; (3) develop foundational grade-level skills for home support; and (4) effectively share data with families in order to establish new academic goals. For the 2014-2015 school year, our successful APTT initiative will expand to include the incoming Kindergarten cohort and new student families, move to incorporate a parent survey, and strategize to engage 'absentee parents' —as all efforts work to strengthen this innovative program.
