SCHOOL OVERVIEW

It is the mission of Harlem Village Academy East Charter School for our students to become intellectually sophisticated, wholesome in character, avid readers, fiercely independent thinkers and compassionate individuals who make a meaningful contribution to society. In order to accomplish this mission, we have established clear, measurable goals, which are outlined in this document. The school leadership and faculty continually strive to maintain our community's focus on achieving these goals. Harlem Village Academy East opened in the fall of 2005 with its first class of fifth graders. The school is divided into three academies that collectively serve approximately 396 students in grades pre-kindergarten through eighth.

ENROLLMENT SUMMARY

The school's BEDS Day enrollment is shown in the table below.

School Enrollment by Grade Level and School Year															
School Year	Elementary						Middle				High				Total

HIGH SCHOOL COHORTS

Beginning in the 2024-25 school year, Harlem Village Academy East's grade levels were restructured. Students were enrolled in grades pre-kindergarten through eighth. The grade levels were reconfigured in alignment with Harlem Village Academies' July 1, 2024 charter merger. As a result of the merger, Harlem Village Academy East students were not designated to high school cohorts during the 2024-25 school year. 2021 high school cohort data are not applicable for Harlem Village Academy East.

ACCOUNTABILITY COHORT

The state's Accountability Cohort consists specifically of students who are in their fourth year of high school after entering the 9th grade. For example, the 2021 state Accountability Cohort consists of students who first entered the 9th grade anywhere in the 2021-22 school year, were enrolled in the school on the state's annual enrollment-determination day (BEDS day) in the 2024-25 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department's SIRS Manual for more details about cohort eligibility and acceptable exit reasons: <http://www.p12.nysed.gov/irs/sirs/ht>)

TOTAL COHORT FOR GRADUATION

Students are also included in the Total Cohort for Graduation (referred to as the Graduation Cohort, Total Graduation Cohort, or Total Cohort interchangeably throughout this report) based on the school year they first enter the 9th grade at any school. The 2021 Total Cohort consists of all students, based on last enrollment record as of June 30, 2025, with a First Date of Entry into Grade 9 during the 2021-22 school year, regardless of their current grade level. The school may remove students from the Graduation Cohort if the school has discharged those students for an acceptable reason listed in the [SIRS manual](#), including but not limited to the following: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S., or are deceased.

PROMOTION POLICY

In order to graduate, students must successfully complete at least 22 credits as listed below:

4 English credits	3 Math credits	1 Art credit
4 Social Studies credits	1 World Language credit	0.5 Health Education credits
3 Science credits	2 Physical Education credits	3.5 Elective credits

Harlem Village Academy East strongly encourages students to enroll in English, History, Math, and Science courses for all four years of high school, and in World Language courses for three years. Students are considered to be promoted to the next grade level as long as they remain on track to graduate from high school in four years.

10th: In order to be considered a sophomore, students must successfully complete at least 5 credits.

11th: In order to be considered a junior, students must successfully complete at least 10 credits.

12th: In order to be considered a senior, students must successfully complete at least 15 credits.

GOAL 1: HIGH SCHOOL GRADUATION

GOAL 1: HIGH SCHOOL GRADUATION

Students will graduate from high school.

Graduation Goal Measure 1 - Leading Indicator

Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score at or above proficient on at least three different New York State Regents exams required for graduation.

As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams through at least 2021-22, some second year cohorts may have had student waivers for examinations. Report the percentage of students who either passed or were exempted from at least three exams. In August of 2025, the 2023 Cohort will have completed its second year.

Graduation Goal Measures 3 & 4 - Absolute

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

The school's specific graduation requirements appear in this document above the graduation goal.

Harlem Village Academy East exceeded the measure for the 2018 cohort. Harlem Village Academy East did not meet the measure for the 2019 cohort. The measure did not apply to the 2020 cohort.

Graduation Goal Measure 5 - Comparative Measure

Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the school district of comparison.

METHOD

The school compares the graduation rate of students completing their fourth year in the charter school's Total Graduation Cohort to that of the respective cohort of students in the school district of comparison. Given that district results for the current year are generally not available at this time, for purposes of this report schools should include the district's 2022-23 results as a temporary placeholder for the district's 2023-24 results.

RESULTS AND EVALUATION

The tables below show the four-year graduation rates for each cohort for Harlem Village Academy East and Community School District 4.

Harlem Village Academy East exceeded the measure for the 2019 and 2020 cohorts. The measure did not apply to the 2021 cohort.

Graduation Goal Measure 6 - Absolute Measure

Each year, 75 percent of students in the high school Total Cohort pursuing an alternative graduation pathway (commonly referred to as the 4+1 pathway) will achieve a Regents equivalency score and pass an approved pathway assessment required for graduation by the end of their fourth year in the cohort.

Leading Indicator	Each year, 75 percent of students in the high school Total Graduation Cohort will score at least 65 on at least three different New York State Regents exams required for graduation by the completion of their second year in the cohort.	Exceeded for 2021 and 2022 cohorts. Not applicable to 2023 cohort.
Absolute	Each year, 75 percent of students in the fourth year high school Total Graduation Cohort will graduate.	Exceeded for 2019 and 2020 cohorts. Not applicable to 2021 cohort.

² As a result of the Board of Regents' guidance regarding the cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22, students planning to take a pathway examination during those cancelled dates would be exempted from the requirement. For purposes of this measure, only report results for students with valid scores for any pathway exam.

ACTION PLAN

Our goal is to improve our measurable results on state tests while continuing our quest to cultivate the sophisticated intellectual capacity and social-emotional skills that our students will need to successfully graduate from college. We have implemented an academic program that addresses the unique needs of the students who enter HVA East. Our program integrates curriculum, assessment and teacher professional development with the goal of enabling our students to be college ready.

GOAL 2: COLLEGE PREPARATION

Students will gain admission to college.

College Preparation Goal Measure 1 - Absolute

Each year, 75 percent of graduating students will demonstrate their preparation for college by at least one or some combination of the following indicators:

- Passing an Advanced Placement ("AP") exam with a score of 3 or higher;
- Earning a score of 4 or higher on an International Baccalaureate ("IB") exam;
- Passing a College Level Examination Program ("CLEP") exam;
- Passing a college level course offered at a college or university or through a school partnership with a college or university;
- Achieving the college and career readiness benchmark on the SAT;

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

- Earning a Regents diploma with advanced designation; or,
- A different school-created indicator approved by the Institute.

Overall	N/A	N/A	N/A

The measure did not apply to Harlem Village Academy East.

College Preparation Goal Measure 2 - Absolute

Each year, the College, Career, and Civic Readiness Index (“CCCRI”) for the school’s Total Cohort will exceed the Measure of Interim Progress (“MIP”) set forth in the state’s ESSA accountability system.

Schools are not required to report attainment of this measure for 2024-25. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information. The Institute may use these data for its evaluation of the school’s goal attainment when data become available.

College Preparation Goal Measure 3 - Comparative

Each year, the school’s CCCRI for the Total Cohort will exceed that of the district of comparison’s Total Cohort.

Schools are not required to report attainment of this measure for 2024-25. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information. The Institute may use these data for its evaluation of the school’s goal attainment when data become available.

College Preparation Goal Measure 4 - Absolute

Each year, 75 percent of graduating students will matriculate into a college or university in the year after graduation.

³ Schools use any method listed above, or any combination thereof, to demonstrate that at least 75 percent of graduates are prepared to engage in rigorous college level coursework. The school should select only those methods listed here that it uses to demonstrate the college readiness of its students and eliminate those that it will not. For instance, high schools that do not deliver an IB Program as part of their high school design do not report on the IB option.

program integrates curriculum, assessment, and teacher professional development with the goal of enabling our students to be college ready.

GOAL 3: ENGLISH LANGUAGE ARTS

Students will meet or exceed state performance standards for mastery of skills and content knowledge in the area of English language arts. Students will also demonstrate proficiency in advanced skills in the area of English language arts necessary for admission into and success in college.

BACKGROUND

The purpose of the HVA literacy curriculum is to develop sophisticated student thinking and a passion for reading. Students who are immersed in a book at school are more likely to continue reading during their free time, thereby reading an hour or more each day. When students are avid readers, they acquire a breadth and depth of knowledge and vocabulary as well as improving their fluency, grammar, and syntax—all of which organically strengthens their comprehension. This is accomplished through the core components of literacy instruction: independent reading, guided reading, close reading, read aloud, writing workshop, phonics and vocabulary. All these components were continued during the 2024-25 school year.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

ELA Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the State English language arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English language arts test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2024-25 English language arts MIP for all students of **117.3**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.⁶

English Language Arts 2024-25 Performance Index (PI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	1%	10%	43%	47%

$$PI = 0 * 1\%_{\text{Level 1}} + 1 * 10\%_{\text{Level 2}} + 2 * 43\%_{\text{Level 3}} + 2.5 * 47\% = 213.5$$

⁵ Students are considered "enrolled in at least their second year" if they were enrolled on BEDS day of the school year prior to the most recent exam administration.

⁶ You can find the statewide MIP goals for 2022-23 to 2026-27 [here](#)

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

Harlem Village Academy East exceeded the measure.

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁷

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to

control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2024-25 analysis is not yet available. This report contains 2023-24 results.⁸

ELA Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

METHOD

Given the timing of the state's release of Growth Model data, the 2024-25 analysis is not yet available. This report contains 2023-24 results, the most recent Growth Model data available.⁹

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2023-24 and also have a state exam score from 2022-23 including students who were retained in the same grade. Students with the same 2022-23 score are ranked by their 2023-24 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are

HIGH SCHOOL ELA

Grade levels were reconfigured due to July 1, 2024 charter merger. As a result of the merger, no students at Harlem Village Academy East were enrolled in high school during the 2024-25 school year. Therefore, high school ELA goals are no longer an applicable section of the APPR. The goals remain included in the 2024-25 report as a record of growth measures for Harlem Village Academy East students in the years preceding the 2021 cohort designation.

High School ELA Measure 1 - Absolute

Each year, 65 percent of students in the high school Accountability Cohort will exceed Common Core expectations (currently **scoring at or above Performance Level 4** on the Regents Exam in English Language Arts (Common Core)) by the completion of their **fourth year in the cohort**.

METHOD

The State Education Department currently defines the college and career readiness standard as scoring at or above Performance Level 4 (meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 4 by the completion of their fourth year in the cohort.¹⁰

Percent Scoring at Least Level 4 on Regents English Common Core Exam
by Fourth Year Accountability Cohort¹¹

Cohort	Fourth Year	Number in	Number exempted with No	Number Scoring at Least Level 4	Percent Scoring at Least Level 4 Among Students
--------	-------------	-----------	-------------------------	---------------------------------	---

¹⁰ Cohort Regents attainment in all subjects is based on students’ highest score regardless of the number of times a student sat for the exam.

¹¹ Due to the state’s cancellation of multiple administrations of the Regents exams in 2019-20, 2020-21, and 2021-22 some students who had not previously sat for the exam but were scheduled to sit for this exam during a cancellation would be exempted from the graduation requirement. As such, the school should report both the number of students who were exempted from the exam as well as the percentage of students achieving at least Level 4 among the students who sat for the exam.

High School ELA Measure 2 - Absolute

Each year, 80 percent of students in the high school Accountability Cohort will at least partially meet Common Core expectations (currently **scoring at or above Performance Level 3** on the Regents Exam in English Language Arts (Common Core)) by the completion of their **fourth year in the cohort**.

METHOD

The State Education Department currently defines the cut off for passing and meeting the requirement for graduation as scoring at or above Performance Level 3 (partially meeting Common Core expectations) on the Regents Exam in English Language Arts (Common Core). This measure examines the percent of the Accountability Cohort that achieved at least Performance Level 3 by the completion of their fourth year in the cohort.

High School ELA Measure 3 - Absolute

Each year, the Performance Index ("PI") on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the state's Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

Schools are not required to report attainment of this measure for 2024-25. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information. The Institute may use these data for its evaluation of the school's goal attainment when data become available.

High School ELA Measure 4 - Comparative

Each year, the percent of students in the high school Total Cohort meeting or exceeding Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district meeting or exceeding Common Core expectations.

Schools were not required to report attainment of this measure for 2023-24 or earlier. The measure does not apply to Harlem Village Academy East for 2024-25 due to charter merger's grade level reconfiguration.

High School ELA Measure 5 - Comparative

Each year, the percent of students in the high school Total Cohort at least partially meeting Common Core expectations on the Regents Exam in English Language Arts (Common Core) will exceed the percentage of comparable students in the district at least partially meeting Common Core expectations.

Schools were not required to report attainment of this measure for 2023-24 or earlier. The measure does not apply to Harlem Village Academy East for 2024-25 due to charter merger's grade level reconfiguration.

High School ELA Measure 6 - Comparative

Each year, the Performance Index ("PI") in Regents English of students in the fourth year of their high school Accountability Cohort will exceed that of comparable students from the school district of comparison.

Schools are not required to report attainment of this measure for 2024-25. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information. The Institute may use these data for its evaluation of the school's goal attainment when data become available.

High School ELA Measure 7 - Growth

Each year, 50 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8th grade English language arts exam will meet the college and career readiness standard (currently **scoring at Performance Level 4 and fully meeting Common Core expectations** on the Regents Exam in English Language Arts (Common Core)) by the completion of their **fourth year in the cohort**.

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA's college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 4: MATHEMATICS

Students will meet or exceed state performance standards for mastery of skills and content knowledge in the area of English language arts. Students will also demonstrate proficiency in advanced skills in the area of English language arts necessary for admission into and success in college.

BACKGROUND

HVA has strategically designed a sophisticated scope and sequence and curricular materials. For workshop, our curriculum is sequenced uniquely for HVA, but pulls resources from Eureka, Children's Mathematics, Contexts for Learning Mathematics, and Fosnot's work from the series Young Mathematicians at Work. Our workshop curriculum is also adapted year to year based on teacher feedback and student mastery. Our problem solving and fluency resources are teacher created, pulling inspiration from many resources. Students are deeply engaged in problem solving, reasoning, proving, and discussing mathematics. Student work is aligned with grade level tasks that connect to a clear trajectory of long- and short-term learning targets. The questions and tasks posed to students elicit the use of higher order thinking skills for all students. Our mathematics program includes the following components: Fluency, Problem Solving, Jars, Routines and Games and math workshop.

ELEMENTARY AND MIDDLE MATHEMATICS

Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the mathematics test have scored at the partially proficient, or proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2024-25 mathematics MIP for all students of **119.4**. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2024-25 analysis is not yet available. This report contains 2023-24 results.¹²

Students with the same 2022-23 scores are ranked by their 2023-24 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to meet the measure, the school would have to achieve a mean growth percentile above the target of 50.

ACTION PLAN

Our plan is to focus on effective execution of the International Baccalaureate at HVA High, while working on the ongoing continual improvement of the PK-8 program so that our students are exceptionally well prepared for selective colleges, work in the innovation economy, and meaningful contribution to society. We will work purposefully on quality implementation of our curriculum, instruction, assessment, and professional development that is aligned with HVA's college readiness vision, through a focus on higher order thinking skills, college readiness work skills, and ethical leadership skills.

GOAL 5: SCIENCE

Students will meet and exceed state standards for mastery of skills and content knowledge in the area of science.

BACKGROUND

Our approach to science instruction is based on a core tenet of progressive pedagogy: that students learn science by doing scientific work. Thus, our science curriculum is inquiry-based and centered on scientific habits of mind such as questioning, designing, testing and analyzing. Students learn about and use the scientific method to design experiments, gather data and develop reliable methods to answer questions. They are required to explain their thinking based on evidence and justify their conclusions.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform **at or above proficiency** on the New York State science examination.

The school administered the New York State Testing Program science assessment to students in 5th and 8th grade in spring 2025. The table below summarizes the performance of students enrolled for at least two years.

Charter School Performance on 2024-25 State Science Exam
By Students Enrolled in At Least Their Second Year

Grade	Students in At Least Their 2 nd Year		
	Number Tested	Number Proficient	Percent Proficient
5	29	18	62%
8	25	15	60%
All	54	33	61%

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

HIGH SCHOOL SCIENCE

Grade levels were reconfigured due to July 1, 2024 charter merger. As a result of the merger, no students at Harlem Village Academy East were enrolled in high school during the 2024-25 school year. Therefore, high school science goals are no longer an applicable section of the APPR. The goals remain

included in the 2024-25 report as a record of growth measures for Harlem Village Academy East students in the years preceding the 2021 cohort designation.

High School Science Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score **at least 65** on a New York State Regents science exam by the completion of their fourth year in the cohort.

New York State schools administer multiple high school science assessments; current Regent exams are Life Science: Biology, Earth and Space Sciences, Living Environment, Physical Setting/Earth Science, Physical Setting/Chemistry, and Physical Setting/Physics. The school administered Life Science: Biology and Living Environment exams in 2024-25. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort.

A majority of the Harlem Village Academy East 2019 and 2020 cohorts were exempt from science Regents exam due to pandemic.

Harlem Village Academy East 2019 and 2020 cohorts exceeded the measure. The measure did not apply to the 2021 cohort.

High School Science Measure 2 - Comparative

Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of **65 or above** will exceed that of the high school Total Cohort from the school district of comparison.

Schools were not required to report attainment of this measure for 2023-24 or earlier. The measure does not apply to Harlem Village Academy East for 2024-25 due to charter merger's grade level reconfiguration.

2024-25 ACCOUNTABILITY PLAN PROGRESS REPORT

Absolute	Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.	Exceeded for 2019 and 2020 cohorts. Not applicable to the 2021 cohort.
Comparative	Each year, the percent of students in the high school Total Cohort passing a Regents science exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.	N/A

GOAL 6: SOCIAL STUDIES

Students will meet and exceed state standards for mastery of skills and content knowledge in the area of social studies.

Grade levels were reconfigured due to July 1, 2024 charter merger. As a result of the merger, no students at Harlem Village Academy East were enrolled in high school during the 2024-25 school year. Therefore, high school social studies goals are no longer an applicable section of the APPR. The goals remain included in the 2024-25 report as a record of growth measures for Harlem Village Academy East students in the years preceding the 2021 cohort designation.

BACKGROUND

Social Studies Measure 1 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

A majority of the Harlem Village Academy East 2019 and 2020 cohorts were exempt from U.S. History Regents exam due to pandemic. The measure did not apply to the 2021 cohort.

Social Studies Measure 2 - Comparative

Each year, the percent to students in the high school Total Cohort passing the Regents U.S. History exam with a score of 65 or above will exceed that of the high school Total Cohort from the school district of comparison.

Schools were not required to report attainment of this measure for 2023-24 or earlier. The measure does not apply to Harlem Village Academy East for 2024-25 due to charter merger's grade level reconfiguration.

Social Studies Measure 3 - Absolute

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents Global History exam by the completion of their fourth year in the cohort.

METHOD

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. These measures require students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort.

Global History Regents Passing Rate with a Score of 65 by Fourth Year Accountability Cohort

Cohort Designation	Fourth Year	Number in Cohort (a)	Number Exempted with No Valid Score (b)	Number Passing with at Least a 65 (c)	Percent Passing Among Students with Valid Score (c)/(a-b)

GOAL 7: ESSA

ESSA Measure 1

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system. More information on assigned accountability designations and context can be found [here](#).
